ADDENDUM NO. 1

DATE: February 10, 2010

Contract 10-C-00004; Manhole Rehabilitation by Structural Coating System – FY10

Bidders on the above referenced project are hereby notified that the following addendum is made to the Contract Documents. BIDS TO BE SUBMITTED SHALL CONFORM TO THIS NOTICE.

Item 1: Replace, on page W52-3, W-52.07 Contractor Qualifications, with the following:

The manufacturer and Contractor's installer of the rehabilitation system shall have been specialized in the design and installation of the rehabilitation system for at least 5 years. The installer, which must be a person in responsible charge, as approved by the Engineer, shall be approved and certified in writing by the manufacturer and shall be completely trained in leak repair, surface preparation, and installation of the rehabilitation system. References shall be provided upon request to demonstrate that the installer has successfully used the rehabilitation system in Florida on a minimum of 5 projects, one of which must be at least 5 years old.

Item 2: Clarification

Manholes F13 and F14 have limited access in the unimproved right-of-way due to over-grown vegetation. It is the Contractor's responsibility to obtain temporary construction access from an adjacent property owner, and obtain prior approval of such access from the property owner and the Engineer. Contractor may also opt to remove over-grown vegetation, but is responsible for all permitting associated with this activity. All costs associated with gaining access to these manholes shall be borne solely by the Contractor, and no additional payment shall be made therefore.

Item 3: Replace page P-3 with the attached page P-3R.

This addendum shall be included in and attached to the inside cover of the Contract Documents by and upon which bids are submitted. All other provisions of the Contract Documents and Specifications not in conflict with this Addendum shall remain in full force and effect.

Questions are to be e-mailed to [Contract Administration@tampagov.net](mailto:ContractAdministration@tampagov.net).
