

FY06-11 CAPITAL IMPROVEMENT PROJECT

PROJECT TITLE:
City-Wide Sidewalks, Resurfacing and Traffic Calming

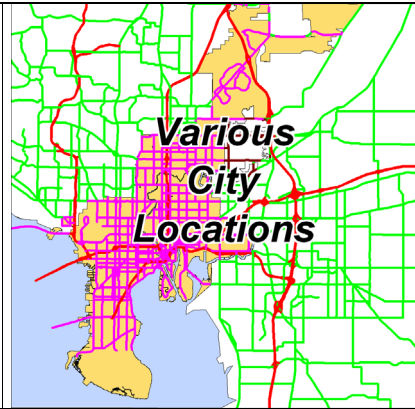

RESPONSIBLE DEPARTMENT:
Public Works

LOCATION:
Various - See Below

FUNDING SOURCE:
Community Development Block Grant

PROJECT DESCRIPTION:

This project provides for resurfacing streets, traffic calming and sidewalk construction in moderate and low income areas. This project can include traditional resurfacing, microsurfacing, in-place recycling, cold milling, and overlay, along with the replacement of the pavement markings such as centerlines, edge lines, reflective pavement markers, and crosswalks. Sidewalk projects are selected from a database of previous requests that have been evaluated for feasibility and eligibility after requests from citizens or neighborhood groups. Any traffic calming project will go through an approval process after meeting with affected neighborhood groups.
