## FY06-11 CAPITAL IMPROVEMENT PROJECT

**PROJECT TITLE:**  
Terrace Gallery Window Replacement

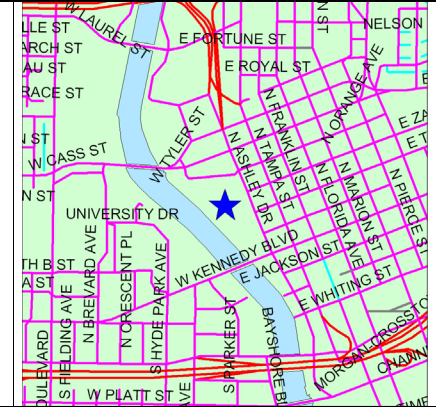

**RESPONSIBLE DEPARTMENT:**  
Tampa Museum

**LOCATION:**  
600 North Ashley Drive

**FUNDING SOURCE:**  
Utility Tax Fund

**PROJECT DESCRIPTION:**

This project provides for replacement of large windows in the terrace gallery at the Tampa Museum of Art. The insulated windows are subject to loss of thermal seal and discoloration. This has been a recurring problem for the museum. Discoloration obscures the view of the river and the University of Tampa and it detracts from the visitor experience in the gallery where sculpture and glass are displayed.
