FY07-12 CAPITAL IMPROVEMENT PROJECT

PROJECT TITLE:
Terrace Gallery Window Replacements

RESPONSIBLE DEPARTMENT:
Tampa Museum

LOCATION:
600 North Ashley Drive

FUNDING SOURCE:
Utility Tax Fund

PROJECT DESCRIPTION:

This project provides for replacement of large window panels in the Terrace Gallery that overlook the river and University of Tampa. The windows are large insulated, double pane units. Four panels have lost their seal and have become opaque and discolored. This condition diminishes the appearance of the gallery where art objects such as sculpture and glass are displayed.
