

Recommended Capital
Improvement Budget

Commitment to Progress

City of Tampa, Florida • FY2009
For October 1, 2008 through September 30, 2014

Introduction

This document contains a six year plan of capital improvement projects (CIP) expected to be accomplished through FY 2014.

Three other budget books also being presented to city council at this time are the Recommended Annual Budget, and the Recommended Budget Supplement, which are the primary appropriation documents, and a Citizen's Budget Report, that includes budget highlights. The FY 2009 capital projects are addressed in each of these books. Budget information is also included in the City of Tampa's web site at www.tampagov.net. CIP specific information showing locations by street map and by satellite view is also available on the city's web site.

The FY 2009-2014 projects are provided in this document as a planning base for the city's future construction requirements.
