Try Our New Preliminary Evaluation Service

Discuss code issues and ask questions prior to your plan review submittal.

The New Preliminary Evaluation Service allows our customers to meet with the Construction Services Center's plan review staff prior to plan review submittal. Through this service, you can present your preliminary construction plans and documentation, discuss code issues, or ask questions about methodologies.

Prior to the meeting:

- Please call our office at (813) 274-3100 to schedule an appointment.
- Please prepare and submit the following information to the Construction Services Center at least one week prior to your meeting.
 1. Meeting fee payment.
 2. Copies of the preliminary plans to be discussed (two (2) copies for residential, three (3) copies for commercial)
 3. Copies of documentation to be reviewed (two (2) copies for residential, three (3) copies for commercial) such as:
 - Design Questions
 - Special Requests
 - Alternate Methods
 - Reports or other information for special materials or systems for consideration
 4. Identify areas to be reviewed when the appointment is made so that the appropriate staff is included in the meeting.
