The Department of Administration, for budget purposes, includes several separate and independent divisions.

The Chief Administrative Officer is responsible for oversight and direction of the following City departments: Sanitary Sewers, Water, Solid Waste, Public Works, Parks, and Recreation.

The Department of Administration is responsible for Management Information Systems and Administrative Services departments, as well as the Employee Relations and Personnel divisions of the Administration Department. Duties of those divisions are as follows:

- Employee Relations - The goals of this division are to provide the City of Tampa with a labor and employee relations program in compliance with applicable laws, public policy, and sound labor management. The division negotiates and administers collective bargaining agreements, administers disciplinary actions and labor grievance procedures. It is responsible for salary and benefit processing, affirmative action, unemployment compensation, compliance with the Equal Employment Opportunity and American with Disabilities Act, employee training and tuition reimbursement. The Central Records Processing section is responsible for all personnel data transactions on the Payroll/Personnel System including pay increases, benefits enrollment and changes, and other data; life insurance claims, new employee orientation, pre-employment medical exams, City-wide personnel file maintenance and many other related functions.
- Personnel - This division's goal is to ensure that all personnel functions, including retirement, testing, certification, classification and pay, performance evaluation and related areas are conducted to promote the development and retention of a competent workforce consistent with applicable laws and regulations. The division maintains the employee classification plan and reviews requests for position changes, new positions, and pay grade changes; assists departments in organizational analysis; advertises for job vacancies and processes employment applications; counsels employees/applicants on employment/promotion/layoff prospects. The division also administers employment tests and certifies applicant eligibility in accordance with the Civil Service requirements; coordinates the performance evaluation process, the validity of medical standards, and research in human resource areas; conducts job analysis research; and performs many other related functions.

Intergovernmental Relations, an independent division budgeted within the Department of Administration, presents the City's position with respect to regulations and legislation, and promotes its interests with the state and federal government and their agencies.

## BUSINESS AND COMMUNITY SERVICES

The Department of Business and Community Services' goal is to improve residential living standards and the overall aesthetic appearance of the City. This is accomplished by maintaining housing and development standards through administration and enforcement of City codes and encouraging economic development. Primary activities performed by the department include:

- Land development review, map preparation and administration of sign and zoning codes
- Permit issuance, review and modification of building plans and code requirements
- Enforcement of the City's housing and environmental standards
- Management of leases, and real property/facility acquisitions and dispositions
- Administration of Community Development Block Grant housing programs, other housing and Challenge Fund Loan programs.
- Administration of historic preservation programs.

In performing these tasks, the department works closely with civic associations and the community at large. This has helped decrease the number of substandard structures and property maintenance problems.

Six new positions and their costs, \$232,705, are budgeted for FY01 to facilitate property acquisitions and dispositions associated with capital improvement projects. One position is budgeted in each of the following six departments: Water, Parking, Parks, Public Works, Sanitary Sewers, and Legal.

The Construction Service Center provides a single location for acquiring residential and commercial electrical, building, plumbing, zoning and mechanical permits. Personnel from the Parks (7), Public Works (3), Stormwater (8), Sanitary Sewers (3), Water (2) and Solid Waste (1) departments are assigned to the Service Center for permit issuance tasks related to requirements of those departments. Twenty-four positions and their costs, \$976,745 are budgeted in the various departments identified.

The Ybor City Service Center, located at the German-American Club, provides a one-stop location for businesses and individuals seeking financial and development assistance. Located at the center are the following organizations: the Community Redevelopment Agency, Tampa Bay Economic Development Corporation, Tampa Bay Black Business Investment Corporation, and the Ybor City Development Corporation. Together these organizations provide technical and financial assistance for the City's small businesses and minority and economically disadvantaged entrepreneurs.

Accomplishments and FY01 objectives are summarized below

Performance Measures	FY99 Actual	FY00 Projected	FY01 Estimated
Construction Inspections	127,650	134,063	136,000
Commercial/Residential Plan Review	20,185	21,760	23,101

The Department of Community Affairs' goal is to administer, plan, and coordinate the functions of the Office of Human Rights and Community Services in developing and maintaining good community and race relations.

The Community Affairs Department interacts with a diverse group of citizens in the community to investigate discrimination complaints in the areas of employment, housing, and public accommodations. It also provides outreach to citizens and affords them the opportunity to participate in the planning, monitoring and evaluation of the Community Development Block Grant and other city related programs.

The Neighborhood Liaison office works with neighborhood groups, promotes neighborhood programs and handles citizen complaints and inquiries.

The Service and Information Division provides centralized information services for citizen inquiries including volunteer staffing for the City Hall information center.

The Women and Minority Business enterprise program facilitates access to city contracts by women and minority businesses. Their contract participation goals are as follows: (1) Construction 25% (2) Professional Services 14% (3) Goods and Nonprofessional Services 4%

Department accomplishments and FY01 objectives are summarized below.

The goal of the Tampa Convention Center is to stimulate the local economy by providing a venue for national, regional and international conventions, trade shows and conferences that will bring the maximum number of out-of-town visitors to the area. Convention delegates, exhibitors and show managers create a positive economic impact throughout the Tampa/Hillsborough County area.

The Department is responsible for operation and maintenance of the 677,000 square foot Tampa Convention Center, which consists of a 200,000 square foot main exhibit hall, a 36,000 square foot ballroom, a 90,000 square foot lobby and 18 meeting rooms.

The Department is organized into five divisions consisting of the following: Administrative and Fiscal, Events and Marketing, Engineering, Operational Maintenance, and Contractual Services. Convention staff concentrates on the marketing, promotion and administration of the Convention Center while services provided to show promoters are handled primarily through contractual arrangements.

Administrative objectives are to determine ways to decrease the City's subsidy to the Center; explore new sources of revenue and identify additional profit centers; maximize efficiency of staff and facility; and to expand convention and international business. Accomplishments and FY01 objectives as summarized below.

Performance Measures	FY99 Actual	FY00 Projected	FY01 Estimated

The Office of the City Clerk is the official keeper of all records and proceedings for the City of Tampa. Its goal is to record and maintain the official set of City records in keeping with City Charter and Florida statutory requirements. The department is composed of four divisions according to function.

The Documentation of City Records division is primarily responsible for recording the proceedings of every City Council meeting. It is also responsible for preparing City Council agendas; indexing local laws, ordinances, resolutions, agreements and deeds; updating and distributing supplements to the City Code. It administers oaths of office to department heads, police officers, firefighters and persons appointed to serve on various boards and committees and maintains current appointments to City boards and committees; City financial disclosure statements, state financial disclosure coordination and executive orders. Other responsibilities include the publication of legal notices, recording of official documents with appropriate agencies, and indexing of City cemetery burials.

The Code Enforcement Board (CEB) division is the administrative staff for the Board, and records all CEB meetings, keeps official files, distributes legal notices of Code violations, prepares and files liens for non-compliance, and keeps the Board and departments informed of Board actions.

The Support Services of the Boards division provides support to the Community Redevelopment Agency, General Employees Pension Fund, the Civil Service Board, Public Nuisance Abatement Board and the Board of Ethics.

The Archives and Records division is responsible for administering the City's Record Management and Archives program in accordance with State statutes and local ordinances. It operates a full service off-site records center for storage, retrieval and destruction of inactive and semi-active public records from all departments of the City; develops micrographics systems for City departments, providing quality, cost effective and appropriate microfilming and micrographics services. This division administers the City Archives to identify, preserve and make available to City administrators and the public, City and related records of permanent administrative, legal, fiscal and historic value which chart the development of the City.

## CITY COUNCIL

RESOURCES	ACTUAL FY98	ACTUAL FY99	BUDGET FY00	PROJECTED FY00	RECOMMENDED FY01

City Council, the legislative branch of City government, operates in accordance with the provisions of the 1974 Revised Charter of the City of Tampa. It is responsible for enacting ordinances and resolutions that the Mayor of Tampa administers as chief executive officer. Council's goals are to provide responsible legislation, ensure the safe, efficient and fair operation of city government and provide for the general health, welfare and safety of the citizens of the City of Tampa.

Seven Council members are elected by the voters of Tampa to serve for a term of four years. Council members for Districts #1, #2, and #3 are elected at-large and those from Districts #4 through #7 are elected in individual districts. The term of office for the current Council members will expire in March, 2003.

Meetings are held in the Council Chamber on the third floor of City Hall on Thursdays at 9:00 a.m. to enact legislation pertaining to general City business. On the second Thursday of each month at 6:30 p.m., the City Council holds public hearings on land rezoning. Alcoholic beverage zonings are held the third Thursday of every month at 10:00 a.m. Other special meetings are scheduled from time to time as the need arises.

Council members also serve individually as members of various boards, such as the Public Transportation Commission, the Metropolitan Planning Organization, the Tampa Sports Authority, the Hillsborough River Technical Advisory Council to the Interlocal Planning Board, Tampa Bay Performing Arts Center Executive Committee of the Board of Trustees, the Tampa Bay Regional Planning Council, Hillsborough County Youth Council, Hillsborough Constituency for Children, Council of Governments, Public Art Committee, and the Florida Aquarium.

## MANAGEMENT INFORMATION SYSTEMS (MIS)

RESOURCES	ACTUAL FY98	ACTUAL FY99	BUDGET FY00	PROJECTED FY00	RECOMMENDED FY01

Capital Outlay	<u>336,765</u>	<u>497,145</u>	<u>436,387</u>	<u>436,387</u>	<u>353,343</u>
Budget Allocation	\$ 5,292,026	\$ 6,027,831	\$ 6,922,535	\$ 6,745,488	\$ 7,087,943
Authorized Positions	59	67	67	67	71

The goal of the Management Information Systems (MIS) Department is to provide the City of Tampa with a full range of information processing services, including computer operations, business systems applications, network services and technical services in a timely, reliable and cost effective manner.

Our Wide Area Network (WAN) responsibilities include a mainframe computer, nine mid-range computers, and 30 local area networks. For each system, MIS performs the planning, management, application support and network integration functions. MIS provides microcomputer (PC) and network support for approximately 1,700 PCs and 2,800 network users. Typical services include hardware and software installation, problem resolution, equipment maintenance, acquisition assistance, and inventory management.

The IBM mainframe computer supports most of the City's financial and administrative applications. The nine mid-range computer systems each support a specific department application. These applications include computer aided dispatch and records management for the Police and Fire Rescue Departments, vehicle management for Fleet Maintenance, Scalehouse operations at the resource recovery plant, and mobile communications.

The City's fiber optic backbone provides high-speed connectivity among the major City facilities in the downtown area. The sophisticated network provides the communications capabilities required to support large bandwidth applications such as video, imaging, and file transfer. Additional enhancements for FY01 include support for the new police/fire communications center and phased implementation of the E-government project on the City's web site. Accomplishments and FY01 objectives are summarized below.

Performance Measures	FY99 Actual	FY00 Projected	FY01 Estimated
Central Systems Availability (99.4% standard)	99.95%	99.94%	99.94%

The Tampa Fire Rescue Department's goal is to save lives and protect the property of the citizens of Tampa through fire prevention, public education, emergency medical services, communications, and professional fire suppression services. The Combat, Rescue, Fire Prevention, Signal and Administration Divisions carry out these mission objectives. The Department has 609 authorized positions (547 sworn and 62 civilian) and a fleet of 122 sedans, trucks, boats, fire engines, and ambulances. For FY01, twenty-three positions were added. Seventeen are for the new fire station and six positions for administration and quality control at Tampa Fire Rescue.

Firefighters are assigned to twenty-one fire stations throughout the City and two stations at the airport. In FY00-FY01 a new station is scheduled to open in Hunters Green. They are primarily responsible for carrying out the "First Responder" program. The Combat Division has a variety of fire suppression units and specialized teams such as hazardous materials, marine, canine and urban search. The Fire Prevention Division personnel conduct inspections, fire safety and loss management programs. The divisions of Personnel, Supply, Training, Academy, Signal, Maintenance Shop and Budget Office support the Department's operational units.

Rescue Division personnel are assigned to 12 rescue vehicles based at various fire stations. Also, the department has five paramedic engine companies. All 911 emergency fire and/or rescue calls go through the communications center. In October 2000, TFR will move into the new communication center. For the first time all Fire Rescue and Police communication personnel will be located in the same building.

Tampa Fire Rescue Department's principle objective is to maintain a response time of less than 6 minutes for the first responder to arrive at the scene 90% of the time. Response time, other accomplishments and FY01 objectives are summarized below.

Performance Measures	FY99 Actual	FY00 Projected	FY01 Estimated
Response Time (Average)	Medical: 5.19 min. Fire: 5.19 min.	Medical: 5.19 min. Fire: 5.19 min.	Medical: 5.19 min. Fire: 5.19 min.

The goal of the Internal Audit Department is to provide management with an independent appraisal of major areas of City activities in order to reduce potential risk and loss, maximize revenues, and produce savings. The department reviews entities and functions for adequacy of controls, legal and contractual compliance and good business practice.

The department is responsible for performing audits outlined in its annual agenda and 5 year audit plan. It is based on such factors as risk, dollar volume, known prior problems, public exposure and audit resources available. Emphasis is on recurring audits of high risk and high dollar areas, and special requests from the Mayor and other City departments.

The tax revenue audit function provides continuing audits and monitoring of companies that collect and remit utility taxes and franchise fees to the City to insure the proper amounts of revenue are received.

Audit Department accomplishments are published annually in the department's year-end Performance Report.

Accomplishments and FY01 objectives are summarized below.

Performance Measures	FY99 Actual	FY00 Projected	FY01 Estimated
Mandatory/Discretionary Audits	21	33	35
Special Audit Requests	4	3	3
Post Audit Reviews	23	25	25

The City Attorney is responsible for the legal matters of the City. The duties and responsibilities of the City Attorney are enumerated in the Revised Charter of the City of Tampa.

The City Attorney's Office has as its goal the provision of legal advice and assistance to the Mayor, City Council, and committees, department heads, officers and boards of the City. The following are examples of matters handled by the legal Department: real property; federal and state grants and programs; unemployment compensation; authorities; and revenue and finance. The Legal Department drafts bonds, deeded obligations, contracts, leases, covenants, agreements and other legal documents, which may be required by ordinance or by order of the Mayor or City Council. The Legal Department defends the City's interest before courts and boards.

## MAYOR

RESOURCES	ACTUAL FY98	ACTUAL FY99	BUDGET FY00	PROJECTED FY00	RECOMMENDED FY01

The goal of the Mayor's Office is to provide services required of the executive branch of City government including administrative functions and public relations. The department is responsible for providing direction to department heads, administering ordinances and resolutions of City Council, meeting the public and providing information on matters of community concern.

The Mayor, as Chief Executive Officer, provides guidance and executive approval of the annual budget and long range planning for the City.

High priority objectives of the Mayor's office include:

- Encouragement of economic development
- City-wide clean-up by the Neighborhood Environmental Action Team (NEAT) program
- Building and sustaining good relationships with neighborhood groups

The Mayor serves as a member of the following boards:

The Tampa Police Department's goals are ensuring the protection, safety, and welfare of City residents and visitors; providing protection of property; and preventing crime. To accomplish these goals, the Tampa Police Department is organized as follows:

- Headquarters Division - oversees the operations of the Uniform Services and Criminal Investigations/ Administration Divisions and is responsible for department-wide fiscal, planning, legal, accreditation, public information, and property coordination functions. The Internal Affairs Bureau reports directly to this division regarding investigations of misconduct by department employees.
- Uniform Services Division - consists of Uniform Districts I, II, III and the Special Operations Group. The Department's specialty teams are also attached to Uniform Services. The Uniform Districts' primary role is to respond to calls from citizens for police service and act to deter crime and apprehend criminals. The Special Operations Group is comprised of several units that perform specific law enforcement functions or provide support for other divisions. These activities include special events planning and crowd control; patrolling City parks; providing school resource programs; and patrolling the City's waterways.
- Criminal Investigations/Administration - provides Criminal Investigations and Administrative services, as well as the Criminal Intelligence, Extra Duty, Aviation, Personnel and Training functions.
- The Major Crimes Bureau is responsible for investigating all crime of a violent nature as well as enforcing the City's pawnbroker laws. The Narcotics Bureau is responsible for enforcing the federal, state and local drug laws.
- The Administrative Division consists of the Support Services Bureau and the Administrative Bureau. It is responsible for the administration of the department's community affairs and crime prevention programs, as well as Firehouse Community Oriented Policing squads. The Support Services Bureau maintains police reports, criminal arrest record, evidence and property records. It provides identification, forensic expertise and logistical support for the department's computer environment and storage facilities.

The Police department has an emergency response time objective of less than 9 minutes. Department statistics and FY01 objectives are summarized below.

Performance Measures	FY99 Actual	FY00 Projected	FY01 Estimated
Response Time (minutes)	7.50	7.40	7.40

The Purchasing Department, as provided for in the City Charter, is responsible for all aspects of the City's centralized procurement process. Its goal is to acquire needed goods and services as efficiently and as inexpensively as possible, while assuring fair and equal opportunity to all qualified vendors. The Purchasing Department's primary function is to assist other City Departments in their procurement efforts, securing materials and services which meet necessary standards. Concurrently, the Purchasing Department monitors all procurement to ascertain compliance with applicable laws.

Department personnel prepare the City's procurement program; establish standards for quality assurance; purchase products and services; and administer contracts. Staff prepare specifications and schedule purchases; develop advantageous contractual terms; solicit and evaluate bids; award and administer contracts; place legal advertisements; prepare contract documents; maintain procurement records for all City departments; and formulate policy for the disposition of excess and/or obsolete material. Additionally, the department assists in the disposal of surplus City property and performs specialized specification writing functions for acquisition of all automotive vehicles, heavy equipment and related service contracts. It has a major role in the on-going implementation of the City's Women and Minority Business Enterprise (W/MBE) and Equal Employment Opportunity/Affirmative Action programs within the vendor community through involvement with the City's bid process.

The Inventory and Stores division manages Tampa's perpetual inventory system by establishing economic order quantities and uniform inventory procedures. The major function of this division is inventory storage and control of supply operations of twelve (12) inventories at ten (10) City-wide locations. Personnel from the Fire Rescue (2), Parks (1), Public Works (4), Sanitary Sewer (4), Water (8), Solid Waste (1), Fleet Maintenance (10) divisions and departments are also assigned and their costs (\$1,053,078) budgeted in the various departments/divisions identified.

Functioning as a major business office of the City with the vendor community, the Purchasing Department strives to promote goodwill through sound business practices and efficient operations while providing the greatest value for the tax dollar.

Accomplishments and objectives for FY01 are listed below.

Performance Measures	FY99 Actual	FY00 Projected	FY01 Estimated
Purchase Orders Issued	32,000	32,000	32,000
Total Dollars (in \$000)	\$405,284	\$200,000	\$200,000

The Recreation Department's goal is to provide recreation services to all the citizens of the City of Tampa by working cooperatively with City departments, public and private agencies in Tampa and Hillsborough County, public schools, local colleges and universities, the Friends of Tampa Recreation, Inc., civic groups and the corporate community. A wide variety of services for all age groups are provided at little or no cost through the five organizational units: Administration, Aquatics and Wellness, Athletics, Community Centers and Playgrounds, and Special Programs.

The Aquatics and Wellness Division operates and maintains 13 swimming pools, two beach parks and one wellness center. A full range of swimming instruction is provided, along with water safety and lifeguard training. In addition, programs for senior citizens, disabled persons, lap swimmers, tri-athletes, aqua-exercise, competitive swim groups, diving instruction, water polo, and synchronized swimming are offered. The wellness center provides a complete fitness center with cardiovascular and weight equipment as well as a full range of classes to enhance the physical, mental, nutritional, emotional and self-esteem of the individual.

The Athletics Division is responsible for providing adult and youth organized sports leagues for City residents. This unit trains department leaders for rules, officiating and coaching techniques. Schedules are drawn for softball, volleyball, basketball, football, and track and field. The City operates two major tennis facilities with both clay and hard courts, and also manages 75 additional tennis courts throughout the City. The Athletics Division also supervises the Seminole Gymnastics and Dance Program. This award-winning program currently has over 1,100 children registered for classes. Also included in this division is the relatively new in-line skating rink used for hockey games.

The Centers and Playgrounds Division operates 18 community centers and 38 year-round playgrounds and gyms. A wide variety of programs led by the recreation staff and contract specialists are available for children, teens, adults and senior citizens. General program categories include games, sports, educational classes, arts and crafts, and social activities. Drug and alcohol prevention programs are featured each quarter at community centers in cooperation with Police Department and related local agencies. After school and summer programs continue to grow to meet the needs of affordable child care and the need to provide safe, structured activities and positive role models for youths.

The Special Programs Division is responsible for City-wide special events, craft centers, creative programming and special populations including senior citizens and the disabled. Popular programs include family festivals, outdoor concerts, puppet shows, creative dramatics, special olympics, senior games, wheelchair games, and over a dozen arts and crafts shows. This Division is also responsible for the administration of Franklin Street Mall, a pedestrian mall located downtown provides weekly activities for downtown workers.

Accomplishments and FY01 objectives are summarized below.

Performance Measures	FY99 Actual	FY00 Projected	FY01 Estimated
Swim Instruction Program Participants (cert. issued)	3,638	3,700	3,700
Wellness Participants	460	700	800

The Department of Revenue and Finance includes several separate and independent divisions for budget purposes. The Department's goal is responsible management of the City's finances. To accomplish this, primary functions of budgeting, planning, accounting, investment, licensing, utility accounting, pension, and grant administration are divided among the following five divisions:

- Director of Revenue and Finance - Coordinates and directs all functions of the Department.
- Budget Division - Prepares revenue and expenditure projections, budget instructions and target budgets. The division controls City-wide departmental expenditures within approved appropriations; prepares budget resolutions, adjustments, budget-related briefings and summaries; and administers the Community Development Block Grant program and other Federal and State grant programs.
- Accounting Division - Administers the general ledger; processes payroll records; maintains accounts receivable and payable; controls reimbursements and interdepartmental billings; and is responsible for investing City funds as well as negotiating bond issues. Additionally, its personnel are responsible for balancing utility accounts; providing property control and central cashing services; producing financial reports; and administering the City's pension fund.
- Licensing Division - Is responsible for the administration, issuance and enforcement of business and occupational licenses. Additionally, its personnel inspect wreckers, survey establishments selling alcoholic beverages, and maintain the City's rental certificate files.
- Planning Division - Accomplishes urban planning and monitors the Tampa Comprehensive Plan. The Planning staff coordinates with other agencies on development and environmental matters. Additionally, division personnel provide technical assistance to other departments and interest groups, prepare special studies and projects, and continue to monitor State and Federal enterprise zone activity.

The City of Tampa and the Tampa Museum of Art, Inc., a non-profit corporation, jointly operate the Tampa Museum of Art. The City's primary responsibilities are in the area of administration and facilities operations. The permanent collection, exhibitions and education programs, as well as related personnel are funded by the Tampa Museum of Art, Inc.

The primary goal of the Tampa Museum of Art is to collect, preserve, and display and interpret works of art. The Museum encourages the development and appreciation of the visual arts for the broadest possible audience through a wide range of education programs. The Museum's primary audiences are residents and visitors to Tampa/Hillsborough County as well as the seven county areas. Regional and national tourists are emerging as an important target audience for the Museum.

The Museum is organized into the functional areas including administration, curatorial, education and development:

Administration links the departments, the Museum Board and the community and functions as City liaison. Administration is responsible for budget and finance, personnel, planning, security and maintenance.

The Curatorial Department has responsibility for the collection and exhibitions and the Museum library. Collection care; research; design; and installation of special exhibitions; and use of the permanent collection are the primary activities of the department. This department is also an important resource for the public who contacts the Museum regularly regarding the care of artworks.

The Education Department plans and coordinates programs including school tour programs for Hillsborough County schools and area colleges; visual arts resources; outreach programs and materials for children and adult groups; special exhibition related lectures, tours, gallery talks, walking tours, performance and films; and high school and college interns.

The Development Department raises funds to support the exhibitions, collection and education programs through individual and corporate memberships, underwriting and grants, and special fundraising events.

The Museum is assisted by the efforts of over 300 volunteers who provide tours, assist in fundraising, and staff the library and special events.

Accomplishments and FY01 objectives are summarized below.

The Tampa Theatre, listed on the National Register of Historic Places in 1978 and declared a Tampa City landmark by City Council in 1988, is a 1926 movie palace owned and maintained by the City of Tampa. The Arts Council of Hillsborough County programs and manages the theatre via a joint operating agreement with the City.

The Theatre's organizational goals are:

- To maintain, preserve and restore the facility and to offer a variety of arts, entertainment and community events so that all citizens may have the opportunity to enjoy this cultural landmark which symbolizes Tampa's cultural heritage.
- To preserve and enhance the Theatre's architectural and historic character consistent with the U.S. Department of Interior's Guidelines for Historic Preservation

The Theatre's organizational objectives are:

- To provide a quality meeting and entertainment facility which will contribute to the redevelopment and revitalization of downtown Tampa and the Franklin Street Mall
- To present a year round schedule of cinema for all tastes including premieres of new independent, art, and foreign language films as well as Hollywood classics
- To provide a first class meeting and entertainment facility for use by promoters, businesses, conventions, and community organizations
- To operate the building in a manner which minimizes the need for public subsidies.

A restoration program has been on-going since 1977 to renovate and restore the Theatre to its original architectural design as a 1920's movie palace. To supplement funding provided by the City of Tampa for restoration projects, the Arts Council of Hillsborough County seeks contributions and grants from other sources, including the Florida Legislature and private contributions.

Tampa Parks Department's goal is to provide conservation, preservation and maintenance of public property within the City, including maintenance of 1,760 acres of City parkland, streetscape, and parkways. Inventory maintained by department staff includes 159 parks and 79 playgrounds; 194 racquet and multi-purpose courts; 123 ballfields; 82 public buildings; 89 parking lots; more than 50 miles of fencing; 82 miles of irrigation; and four City cemeteries.

The Parks Department is organized with six operational divisions: MIS, two Special Services areas, two Grounds Maintenance areas, and NEAT (Neighborhood Environmental Action Team).

The Special Services Administrative Division provides general guidance, resource management and clerical support for operations. One Special Services manager is responsible for training, maintenance scheduling, developing improved work methods, and monitoring the computer maintenance management system. The other Special Services manager oversees capital improvement projects; landscape design; arboricultural; and coordination of park and open space planning; the City tree inventory program; and provides recommendations for future growth.

Two Park managers oversee the two Grounds Maintenance Districts providing cemetery, parks, playground and parkway maintenance. Crews mow and provide litter collection for 1,760 acres of small and major parks: maintain the four City cemeteries and their records, four beach parks, and athletic fields. They provide custodial services for 28 recreation center buildings, and provide security and horticultural services. Forestry personnel coordinate neighborhood tree planting, street trimming, planting and removal and recycling activity.

The NEAT Manager is responsible for special clean-ups throughout the City of rights-of-way, thoroughfares, alleyways, and out-of-compliance vacant property. These clean-ups work in conjunction with neighborhoods, at-risk-youth, volunteers and the judicial system.

The Parks Department's objectives are to maintain the high quality of production and implement new technology, as it becomes available. Accomplishments and FY01 objectives are summarized below:

Performance Measures	FY99 Actual	FY00 Projected	FY01 Estimated
City Owned Vacant Lots Cleaned	308	296	300
Number of Parks Work Orders (new system)	9,643	17,631	20,000

The Public Works Department provides a variety of services such as the maintenance of public streets and buildings and the coordination of City-wide contract construction in a timely, cost effective manner. The long-term goal is to effectively and efficiently maintain the City's roadways and municipal buildings.

The Transportation Division installs and maintains 8,800 traffic signs, 557 computerized traffic signals, maintains 1,441 miles of streets and provides planning, surveying, design construction supervision and operation of the City's transportation system.

The Administrative and Fiscal Division provides management accounting systems, management analysis, payroll and personnel services for the department.

The Contract Administration Division manages the preparation of contract documents for professional and construction services and provides architectural design, drafting and construction inspection services for capital building improvement projects.

The Building Maintenance Section performs routine maintenance for more than 500 City facilities. This includes painting, roof repair and replacement, interior repairs, HVAC, mechanical, electrical and plumbing work.

Short-term objectives include reviewing the condition of City building/structures and implementing staffing/equipping of the expanded building maintenance section.

Accomplishments and FY01 objectives are summarized below.

Performance Measures	FY99 Actual	FY00 Projected	FY01 Estimated
Lane Miles of Streets Repaved/Treated	163.3	60.2	101
Traffic Signs Repaired	6,003	4,177	4,200
Traffic Signals Repaired	7,629	7,203	7,200
Buildings Maintained (in thousand sq.ft.)	5,655	5,850	6,405
Construction Contract Management	75	80	80

Stormwater's goal is to alleviate flooding of structures, private property, streets and rights-of-way. Stormwater Management continues to operate within various divisions of the Sanitary Sewers Department.

Stormwater personnel are responsible for the planning, design, construction, operation and maintenance of Tampa's stormwater system. This system includes 365 miles of stormwater mains, 180 miles of ditches, 103 retention ponds, and 21,000 curb miles of streetsweeping annually.

Stormwater personnel are assigned to five sections:

- Accounting - Responsible for fiscal, personnel, and management support.
- Planning - Responsible for long range planning, stormwater code and Comprehensive Plan oversight. Functions include Capital Improvement Plan generation, maintenance of the National Pollutant Discharge Elimination System permit, code enforcement, and land acquisition.
- Operations - Responsible for system maintenance and construction completed by City forces. Functions include street sweeping, inlet cleaning and the maintenance of ditches and ponds.
- Engineering - Responsible for development of plans and specifications for capital improvements, rehabilitation and maintenance work. Coordinates with other agencies and reviews projects to minimize conflicts. Engineering also includes inspection and survey services for Capital Improvement Projects.
- Construction Services - Responsible for ensuring compatibility with drainage requirements through the review of building plans and rezoning requests. The Regulation/Enforcement section operates as part of the Business and Community Services Department.

FY01 will see completion of Stormwater's new Street Sweeping Debris and Stormwater Sediments Processing Facility located at the Howard F. Curren Advanced Wastewater Treatment Plant Facility on Hooker's Point.

Performance Measures	FY99 Actual	FY00 Projected	FY01 Estimated
Street Sweeping (curb miles)	21,000	21,000	21,000
Retention Ponds Maintained	90	103	103

Self Insurance, a service agency within the Department of Administration, Division of Administrative Services, is comprised of Risk and Insurance Administration, Claims and Safety. A primary goal is the development and implementation of cost containment programs such as: managed care agreements; light duty return to work programs; medical case management; and safety review committees.

The Risk and Insurance Administration Section directs the Claims and Safety Sections and manages both contractual and self-funded insurance programs. Responsibilities include the administration of workers' compensation, benefit and claims programs, general liability, property damage, health coverage and long term disability insurance; as well as life and accidental death and dismemberment insurance programs. This section also develops risk policies that identify, eliminate, transfer, and, as a last resort, insure risk to which the City is exposed.

The Claims Section investigates and adjusts all general liability and property damage claims filed against the City, along with property damage losses to the City.

Following State and Federal guidelines, the Safety Section provides technical assistance in the area of loss prevention to all City departments. This is accomplished through training activities, facility inspections, accident investigations, health screenings and other efforts to identify and control hazards.

Accomplishments and FY01 objectives are summarized below.

<b>Performance Measures</b>	<b>FY99 Actual</b>	<b>FY00 Projected</b>	<b>FY01 Estimated</b>

The Emergency Shelter Grant Program (ESGP), authorized under Title IV of the Stewart B. McKinney Homeless Assistance Act, provides funds to improve the facilities and services available to the homeless population of the City of Tampa. The City's ESGP is developed jointly with Hillsborough County and the participation of the Hillsborough County Homeless Coalition. Services are delivered through a network of non-profit agencies who specialize in serving the homeless population and providing emergency shelter services.

The U.S. Department of Housing and Urban Development has designated the City of Tampa as Grant Administrator for the Tampa-St. Petersburg-Clearwater Metropolitan Area for the Housing Opportunities for Persons with AIDS (HOPWA) Grant. The City is responsible for the area-wide coordination of the program. Funds are used to support the specialized housing needs of persons with AIDS, utilizing non-profit sponsors to implement and operate housing services within the metropolitan area. The HOPWA Program was established under the Title VIII, Subtitle D, of the National Affordable Housing Act of 1990.

The primary goal of the Office of Cable Communication is to assure that the residents of Tampa are provided a cable franchise that meets the needs of the community with reliable cable television service that meets industry technical standards. A second goal is to provide cable viewers quality programming covering a broad range of government information at minimal cost, while maintaining programming with a high level of integrity through neutrality.

The department's responsibilities include:

- Enforcing applicable Federal, State, and local regulations and ordinances.
- Enforcing provisions of the cable franchise agreements.
- Monitoring cable construction and certifying acceptable performance levels.
- Investigating citizen complaints.
- Insuring the integrity of the activated cable system.
- Expediting City department's telecommunication requirements via the cable communication system.
- Monitoring the development of public and educational access programming to the community.
- Directing the development of City of Tampa Television to the residents of Tampa.
- Developing and implementing the institutional network to support interactive data transmission by City departments and other local governmental agencies over the cable communication system.

Current Cable Objectives are: 1) Provide coverage of the Tampa City Council, the Variance Review Board, the Architectural Review Board, the Barrio Latino Commission and the Historic Preservation Board for a total of 416 hours of live meeting coverage; 2) Provide 252 hours of original programming; 3) Provide 1,820 hours of county programming to the City of Tampa Television channel; and 4) Produce 22 monthly series programs with City Departments, including 2 live call-in shows featuring Mayor Dick Greco and U.S. Congressman Jim Davis. Accomplishments and FY01 objectives are summarized below.

Performance Measures	FY99 Actual	FY00 Projected	FY01 Estimated
Original Program Production Hours:			
Public Meeting	486	500	500

# Local Option Gas Tax Revenue Fund

Section 336.025 of the Florida Statutes authorizes counties in Florida to impose a tax of up to six cents on every gallon of motor fuel and special fuels sold in the county and taxed under Chapter 206, Florida Statutes.

The Local Option Gas Tax Revenue Fund collects the City's portion of those taxes and allocates them for eligible projects.

## Local Option Gas Tax Revenue Fund

### Revenues

## TOTAL FY2001 CAPITAL IMPROVEMENT PROGRAM

**\$ 144,768,193**

# Operational Impacts of Capital Improvement Projects

Capital Improvement Projects funded herein and other major capital spending will impact the City's current and future operating budgets. The operating budgets for the following projects have been, or will be, adjusted for FY01:

**Police/Fire Rescue:** In FY01 the new communications facility will be completed and occupied by Police and Fire Rescue communications personnel. Increased operating costs for this facility will be incurred for utilities, repair and maintenance, custodial, security, landscaping, and mowing. Offsetting these increases will be operating reductions after the move is completed from the old police facility, which had become extremely expensive to operate and maintain.

**Parking:** In FY00, expansion of the Fort Brooke Garage and construction of the Centro Ybor Garage were completed. Funds were added to the Parking Department's FY00 budget for additional positions and operating costs associated with running the new garages. The Municipal Parking Garage is scheduled to open in December, 2000. Operating costs will be incurred for utilities maintenance (1 position added) and landscaping. Additional revenues from the Fort Brooke and Centro Ybor Garages will help to cover the increase in operating costs.

**Water:** The Water Quality 2000 program, initiated in FY96, is moving forward at a rapid pace. A 20 million gallon per day expansion of the Hillsborough River Water Treatment Plant has begun. Innovative approaches to maintenance and operations resulted in a reorganization of the Water Department's Production Division. Water Production staff was reduced by 30 positions (27%). Process improvements, including ozonation, are expected to be completed by the spring of 2002.

**Parks/Recreation:** Construction of the David Barksdale Senior Center, Jackson Heights Community Center and the Oak Park Community Center are planned. Improvements to the Interbay Wellness Center have started and advertisements for bids are scheduled in FY2000 for Cuscaden Soccer Field, M.L. King, Jr. Pool Improvements and the South Tampa Athletic Center. In FY01, the Kate Jackson Community Center, New Tampa Athletic Center, Seminole Heights Gymnastics Center, Forest Hills and Port Tampa Community Centers are scheduled for construction. Improvements for 16 facilities were funded by Utility Tax Bonds in FY99. Thirteen new positions have been added to support these improvements.

**Solid Waste:** The Solid Waste Department started work in June, 1999 on a 32 month retrofit project at the McKay Bay Refuse-to-Energy (RTE) plant. This project costs approximately \$88 million. During construction revenues will be reduced while expenses will increase, as the facility will be operating with only two of the four processing lines. In August, 2000, the first two units will be completed and by October, 2001 all four units at McKay Bay should be completed. This project is being funded through bonds sold in FY99. The bonds also included monies for a new administration facility to replace an old inefficient one.

Parking, an enterprise division of the Department of Public Works, is responsible for the development of parking policies and specific facility expansion plans to serve the parking demand in the central business district and adjacent commercial areas. Long-term goals include the implementation of the comprehensive parking plan for Ybor City, downtown Tampa, and the South Howard District; and the implementation of a five-year maintenance plan for all lots and garages. Parking operates, maintains, and manages 10 garages and 20 off-street lots, comprising a total of 13,380 spaces. Additionally, the division is responsible for an on-street program comprised of 3,772 spaces. Parking short-term objectives include expanding the conversion of electronic parking meters in the downtown area, the on-going conversion of manned surface lots in Ybor City to metered lots, and improved customer service through training of divisional staff.

The Parking Division has seven functional areas of operation, which are:

- Administrative Services: Provides financial, personnel, customer service, public relations and management support.
- Parking Ticket Processing: Provides customer service for parking tickets, booting and impoundment, meter complaints, court and leasing agency inquiries/assignment and time payments.
- Garage Operations: Provides cashiering service at parking garage facilities, monitors peak periods and normal parking utilization, and administers the computerized Garage Cash System.
- Maintenance Service: Installs, repairs and/or replaces all parking meters and on-street signs, schedules periodic maintenance for all parking meters, and responds to written complaints. Responsibilities also include maintenance, inspection and appearance of parking lots and garages.
- Security and Safety: Provides security and safety to patrons of municipal garages and lots; responds to all garage and lot incidents; vehicle repairs and accident reporting.
- On-Street Parking Enforcement: Regulates the availability of on-street parking for citizens and commercial use through effective enforcement of parking ordinances. Prepares and issues parking tickets. Develops public awareness of parking regulations/penalties. Boots vehicles and coordinates the impound action.
- Meter Collection: Removes and counts all money from parking meters on a scheduled basis and prepares bank deposits.

Accomplishments and FY01 objectives are summarized below:

Performance Measures	FY99	FY00	FY01
	Actual	Projected	Estimated
Monthly Garages & Lot Spaces	7,238	7,380	8,385
Daily Garages & Lot Spaces	6,043	6,000	6,256
On-Street Meter Spaces	2,293	2,309	2,309
On-Street Controlled Spaces	1,463	1,463	1,463
Total Spaces	17,037	17,152	18,413
Parking Tickets Issued	159,000	163,000	167,000

The Department's goal is to provide complete and cost effective service and to respond rapidly to expanding service requirements. Long-term goals are to build new trunk lines and intercepting systems to accommodate flow from new growth and relieve existing systems.

Department personnel collect, treat and dispose of 60 million gallons of wastewater per day from over 102,000 customers in Tampa and its immediate suburbs. Sanitary sewage treatment requires the careful removal of pollutants and pathogens from wastewater in a manner consistent with federal, state and local regulations so that the end product can be returned to the environment for natural recycling.

The Sanitary Sewers System is operated and maintained by a staff of 403 personnel assigned to three divisions:

- Wastewater Collection - Charged with the construction, maintenance, repair and replacement of wastewater mains and laterals.
- Treatment Division - Operates and maintains the City's 96 million gallon per day advanced wastewater treatment plant and 192 pumping stations.
- Administrative Support Services - Provides financial, design engineering, contract monitoring, planning, customer service, and management support to the Department.

Accomplishments and FY01 objectives are summarized below:

Performance Measures	FY99 Actual	FY00 Projected	FY01 Estimated
Miles of Pipe Maintained	1,920	1,920	1,920
Average Daily Flow (Millions of Gallons)	63	60	60
Pumping Stations Maintained	192	192	192

Tampa's Water Department supplies an average of 73 million gallons of fully treated potable water daily to over 456,000 customers in Tampa and portions of Hillsborough County. The department's goal is to reliably and efficiently supply water for domestic, industrial, commercial, agriculture and fire protection purposes. The product and the service rendered must be dependable in quantity and of unquestioned quality. In the long term, the Water department's goal is to complete the Water Quality 2000 Plan, a series of water treatment improvement projects.

Primary sources for untreated water are the Hillsborough River Reservoir, Morris Bridge Wellfield, Sulphur Springs and the Tampa By-Pass Canal. Purification occurs at treatment plants located on the Hillsborough River and at the Morris Bridge Wellfield. Other facilities include three underground storage tanks, two elevated storage tanks, four ground level storage tanks, and two repump stations. The department maintains 2,165 miles of transmission mains and distribution pipes ranging in size from 2 inches to 54 inches in diameter, and more than 11,000 fire hydrants, and 35,000 valves.

The system is operated and maintained by a staff of 246 assigned to five divisions:

- Production - Operates and maintains the treatment plants, reservoir, wellfield, repumping stations, and the ground and elevated storage tanks. Additionally, this division is responsible for water quality assurance.
- Distribution - Maintains the flow system that includes all water mains, valves, fire hydrants and meters; insures backflow prevention; and continues the re-engineering process.
- Engineering - Provides design support to the department and undertakes special studies. Additionally, personnel monitor the performance of contract engineers and water main installation contractors.
- Administration and Fiscal - Provides financial, personnel, customer service and management support to the department.
- Customer Affairs - Focuses on all aspects of customer service, water conservation, consumer awareness and customer education.

Short-term objectives include continuing an aggressive plan to replace all the City's galvanized mains, expand water conservation efforts and increase the number of transmission mains to accommodate increased growth.

Accomplishments and FY01 objectives are listed below:

Performance Measures	FY99 Actual	FY00 Projected	FY01 Estimated
Water Mains Installed (feet)	116,780	239,999	160,000
Meters Serviced	55,033	59,490	60,000
Line Locator Service Calls	18,405	21,364	20,000

The Solid Waste Department is responsible for refuse collection and disposal for over 81,000 residential and commercial City customers. Solid Waste short-term objectives are to concentrate on important community projects such as, collection service in the Ybor City Entertainment District, recycling and neighborhood clean-ups and to increase the efficiency in collection and customer service by acquiring a solid waste operating software system which has automatic routing capabilities. It's long-term goals are the completion of the McKay Bay Refuse-to-Energy facility retrofit project and the implementation of an automated or semi-automated collection system for residential routes.

More than 370,000 tons of solid waste are processed annually. In June 1999 the McKay Bay Refuse-to-Energy Facility (RTE) began a 32 month retrofit project. During this period about fifty two percent of the processable waste is separated and burned to produce electricity. Fourty percent is sent to the county landfill while the remaining eight percent is recycled either through City of Tampa Recycling Programs or private venture. The retrofit project is expected to be completed in October of 2001 at which time the facility will be at full capacity and be able to run more efficiently.

The Solid Waste Department is composed of four divisions and has been assigned a staff of 180. These divisions include:

- Collection: Provides residential and commercial collection services and collection services in support of special events and community clean-ups.
- Disposal: Operates two free brush sites, the Manhattan Brush Site and McKay Bay Transfer Station. This office is responsible for addressing environmental concerns from the public and City departments, monitoring the McKay Bay RTE complex and planning for long term solid waste disposal.
- Recycling: This unit is responsible for implementing the City's Comprehensive Recycling Program, which includes curbside and multi-family recycling, buy-back centers, drop-off sites, and waste, office paper and commercial recycling programs.
- Administration: Provides financial, personnel, public service, code enforcement and management support to the entire department.

Accomplishments and FY01 objectives are listed below.

Performance Measures (Tons)	FY99 Actual	FY00 Projected	FY01 Estimated
Refuse-to-Energy	329,480	195,780	197,050
Recycled	30,875	30,120	30,800
Landfill	19,439	150,600	151,900

The marinas are self-supporting operations that generate revenues through slip rentals, transient rentals, and gasoline sales. To develop and maintain the City's marina facilities is the goal of the Administration/South Area - District 7 of the Parks Department.

Marjorie Park Marina has 80 wet slips rented to long-term renters, a two-slip public fueling dock, office, restroom facilities and an emergency boat ramp. This marina is part of Marjorie Park which runs along Seddon Channel. Bayshore Marina has 37 wet slips rented to long-term renters and one emergency boat ramp. Transient boats are allowed subject to the marina rules and City codes. Water and electric connections are available and all docks have gates and locks.

Accomplishments and FY01 objectives are summarized below.

The Water Resources and Public Works Coordinator is responsible for planning, coordinating and supervising major public construction projects for City structures and facilities as well as intergovernmental coordination and legislative initiatives on water resources and environmental issues.

This is accomplished through coordinating the City's selection process for technical services under the Florida Consultant's Competitive Negotiations Act; working closely with the Chief Administrative Officer and managerial staff in the Revenue and Finance, Public Works, Water, Solid Waste and Sanitary Sewers Departments as well as engineering and technical consultants.

The Coordinator also works with developers, outside agencies and committees, serves as an advisor on regional water supply issues, and reviews/advises regarding complex environmental issues.

The Utility Accounting Division is responsible for reading over 129,900 meters bimonthly, and preparing and mailing consolidated water, sanitary sewers and solid waste utility bills to all customers monthly. The Division handles all requests for service turn-ons, turn-offs and transfers in the City's 110 square mile service area. A customer service section responds to all customer billing inquiries and a credit section performs delinquent account collection activities. Estimated FY2000 billings are \$149 million.

The long-term goals of the Utility Accounting Division include exploring methods of technology (internet, electronic bill paying, etc.) to make bill preparation and customer service more efficient. Short-term goals include looking into the possibility of setting up Electronic Funds Transfer capabilities for bill payment. Accomplishments and FY01 objectives are summarized below:

Performance Measures	FY98 Actual	FY99 Projected	FY00 Estimated
Outside Telephone Calls	17,800	18,000	18,200

The Publications Department is an internal service department. The department's goal is to provide graphic design and mail services as well as coordination of contractual copying, printing and forms inventory services for the City. This department is also responsible for the coordination of the convenience copier program. Descriptions of the various functions are listed below:

Graphic design: Responsible for electronic design and publishing, photography and illustration for all City departments and for production of newsletters, brochures, reports, directories, financial documents, logos, graphs, charts, and visuals for presentation.

Mail: Responsible for receipt and dispatch of all U.S. mail as well as dispatch of United Parcel Service and Federal Express packages. Also this section is responsible for receipt and dispatch of inter-departmental mail via mobile courier service. Other services include: folding, inserting and presorting of outgoing mail; and sale of right-of-way and zoning maps, aerials and code books to the general public.

Coordination of Contractual Services: Responsible for coordination of copying, printing and forms inventory services that have been privatized. These responsibilities include coordinating with outside vendors to ensure prompt and correct delivery of materials, interacting with City departments to ensure that their needs are being met, and monitoring costs to ensure that these services are being provided in the most economical manner.

Convenience Copier Program: Responsible for the monitoring of convenience copier purchases by City departments to ensure that copier purchases are compatible with needs. Accomplishments and FY01 objectives are summarized below.

Performance Measures	FY99 Actual	FY00 Projected	FY01 Estimated
Design and Update of Forms	475	480	480

The Electronics Division of the Public Works Department provides, installs and maintains the City's electronic communication equipment and 15 communication sites, 41 voice frequencies and 3 mobile computer frequencies. The division's long-term goal is to maintain the City's communication infrastructure effectively and at the least possible cost using a combination of in-house and contract services.

The Electronics Division maintains the Police mobile computer terminals and CDPD system. The Division responds to drive-in service repairs within 5 minutes during normal work hours, and provides continuous emergency service for any RF two-way communication problems. Radio communications equipment turned in for repair is completed within seven days on average.

Accomplishments and FY01 objectives are listed below.

Performance Measures	FY99 Actual	FY00 Projected	FY01 Estimated
Radio Repairs	9,348	9,500	9,800

## FLEET MAINTENANCE

RESOURCES	ACTUAL FY98	ACTUAL FY99	BUDGET FY00	PROJECTED FY00	RECOMMENDED FY01

The Fleet Maintenance Division of the Public Works Department is responsible for ensuring that the City has the right complement of vehicles for City departments. Services include buying the right size and type of equipment; fueling, service and maintenance; monitoring vehicle performance; and arranging for vehicle disposal and replacement. The department's long-term goal is to standardize a significant portion of the fleet so as to reduce vehicle down time, reduce inventory expense, and improve mechanic productivity. These actions will significantly improve our service delivery and reduce cost.

Maintenance has been consolidated at Fleet's central facility and fueling services are available at the central and three satellite facilities. The Division also maintains a central motorpool for short-term use by City employees at a downtown location.

Vehicle replacement analysis and recommendations are coordinated and provided by the fleet management staff at the central facility. Vehicles are replaced based on an economical cost analysis and availability of funds.

Regular preventive maintenance, operator, checklist, damage review and fuel consumption monitoring programs are cost containment efforts emphasized to the departments. These measures help reduce unscheduled maintenance costs, as well as vehicle downtime, thereby improving service delivery. Short-term objectives include development of an effective employee training program that will address the needs of both supervision and technicians and continued attention to completing deferred building maintenance and improvement activities.

Accomplishments and FY01 objectives are listed below.

Performance Measures	FY 99 Actual	FY00 Projected	FY01 Estimated
Vehicles Purchased	398	435	450

The City Pension Fund for Firefighters and Police Officers in the City of Tampa is administered by a 9 member Board of Trustees. Three police officer trustees are elected by both active and retired police officers, three fire fighter trustees are elected by both active and retired firefighters, and three City trustees are appointed by the Mayor. The Board of Trustees is responsible for the proper operation of the pension system and making the provisions of the pension contract/act effective.

The Fire Rescue and Police Pension Fund provides pension benefits to 1,375 retired police officers, firefighters, surviving spouses, beneficiaries, and DROP participants with a monthly pension payroll of approximately \$2.6 million. The fund administers benefits for approximately 1,450 active members, 150 of which have recently entered the Deferred Retirement Option Plan (DROP) program.

Services provided by the Fire Rescue & Police Pension Office include processing the monthly benefit payments to retirees, processing health and life insurance enrollment and changes for retirees, maintaining all active and retired firefighter and police officer confidential pension and medical files, and administering pension benefits as provided in the pension contract/act.

Contributions to the pension fund are made bi-weekly by active plan members, quarterly by the City of Tampa, and annually by the State of Florida.

Financial statements are prepared and presented monthly to the Board of Trustees by the Fund's external CPA. State of Florida Reports are prepared annually in compliance with Chapters 175 and 185 of the Florida Statutes in order to qualify for annual State contributions for the pension fund.

The General Employees Pension Fund was created for all permanent employees of the City not covered by another City pension plan. Its Board consists of seven members. Three members are appointed by the Mayor, three are elected by the general employees and the remaining member is the Director of Revenue and Finance.

In FY00 there were 4,584 members of the fund consisting of 1,844 retirees and 2,740 active employees.

The Pension Board is responsible for the administration of the fund. Benefit payments to retirees and beneficiaries exceed \$1.3 million per month.
