

Introduction

This document contains a six year plan of Capital Improvement Projects expected to be accomplished through Fiscal Year 2009.

Two other budget books also being presented to City Council at this time are the Recommended Annual Budget and the Recommended Budget Supplement, which are the primary appropriation documents. The FY 2004 capital projects are addressed in each of these books. In addition, a newspaper report to citizens is being distributed to inform the public about City government. Budget information is also included in the City of Tampa's web site at <http://www.tampagov.net>.

The FY 2004-2009 projects are provided in this document as a planning base for the City's future construction requirements.
