Capital Improvement Project Detail

The following section lists each individual project that is included in the FY 2005-2010 Recommended Capital Improvement Budget.

A full page is devoted to projects with funds that are being appropriated in Fiscal Year 2005. A full page allows for a more detailed description along with a map (if a single location), a list of candidates (if multiple locations) or other information as appropriate. Projects not funded in FY 2005 but projected for future years and Bond and State Loan Funded projects previously funded for on-going projects are shown two-to-a-page.
