

## FY07-12 CAPITAL IMPROVEMENT PROJECT

**PROJECT TITLE:**  
Fire Station Improvements

**RESPONSIBLE DEPARTMENT:**  
Fire Rescue

**LOCATION:**  
To Be Determined

**FUNDING SOURCE:**  
Utility Tax Fund

**PROJECT DESCRIPTION:**

This project provides funding for various fire station building improvements such as the replacement of roofs, apparatus doors, hot water heaters, interior painting, and concrete apron work to bring structures to a like new condition. Improvements needed vary from station to station and are based upon in-house building assessment surveys. These upgrades improve the working conditions for firefighters, who work 24-hour shifts at the stations.

## FY07-12 CAPITAL IMPROVEMENT PROJECT

**PROJECT TITLE:**  
Fire Loss Prevention - Relocation of Work Office

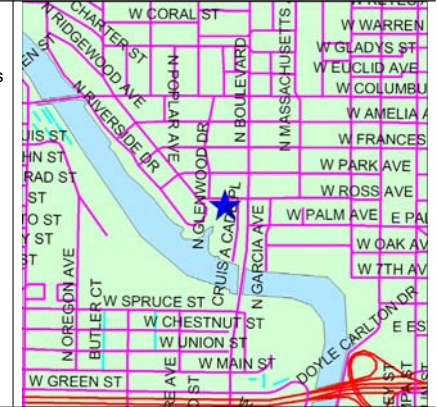

**RESPONSIBLE DEPARTMENT:**  
Fire Rescue

**LOCATION:**  
712 West Ross Avenue

**FUNDING SOURCE:**  
Utility Tax Fund

**PROJECT DESCRIPTION:**

This project provides for the relocation of the division operation to an old credit union office that the city owns. This building will be substantially renovated and updated including the replacement of the mechanical devices, new furniture and connection to the city's network. The facility's interior office space will be reconfigured to accommodate separate work offices and utilities will be upgraded.

## FY07-12 CAPITAL IMPROVEMENT PROJECT

**PROJECT TITLE:**  
Relocation of the City's Emergency Operation Center (EOC)

**RESPONSIBLE DEPARTMENT:**  
Fire Rescue

**LOCATION:**  
2904 North Mitchell Avenue

**FUNDING SOURCE:**  
Utility Tax Fund

**PROJECT DESCRIPTION:**

This project provides for relocating the EOC. The intention is to survey the old Tampa Fire Rescue Communications Building in the 2900 block of Mitchell Street. If this building is adequate for an interim or permanent EOC it will need to be extensively remodeled and upgraded. A part of the facility will be configured to allow for emergency living during an emergency activation. An EOC will need a substantial diesel power generator with its own fuel tank to operate an emergency operation for three days or more. Also, the building must be "reinforced" to mitigate hurricane wind damage.

## FY07-12 CAPITAL IMPROVEMENT PROJECT

**PROJECT TITLE:**  
Tampa Fire Training Academy - Live Fire Training Simulator

**RESPONSIBLE DEPARTMENT:**  
Fire Rescue

**LOCATION:**  
116 South 34th Street

**FUNDING SOURCE:**  
Utility Tax Fund

**PROJECT DESCRIPTION:**

This project provides for the construction of a two story "burn building" that would meet State of Florida standards and be approximately 800 square feet in size. A metal structure would consist of entrance doors, windows, stairs, walls, etc. and have its own flammable gas fuel storage system. In addition, an automobile fire simulator may be built adjacent to the structure. The training academy's facility would be available other fire departments to undertake their live firefighting training and generate revenue for the city.
