January 8, 2010

Dear Corporate & Community Partner,

The Friends of Clean City is working to make Tampa a safe, clean and healthy community. We can collectively accomplish this through the following areas: community participation, education, neighborhood beautification projects, litter abatement and enforcement. Through education, we are promoting the “**Treasure Tampa**” Anti-Litter Campaign which includes educational materials, media kits, billboards, vertical banners, litter bags, promotional items and neighborhood awareness signage and trash receptacles. We are addressing the aesthetics of the City of Tampa by having volunteers assigned to clean up and beautify Tampa neighborhoods within our five designated districts city-wide (New Tampa, North, East, West and South Tampa). Partnering with key stake holders like you, we can combine our efforts to improve the aesthetics of our city.

The Friends of Clean City is working with private/public sector businesses, community organizations, public schools, universities, colleges and citizens of Tampa to transform the City of Tampa into a Model Clean City.

Please join us March 20, 2010 for the 4th Annual Tampa Clean City Day. Your support and leadership in this important initiative will allow the City of Tampa to be a cleaner place to live, work, play and visit today and everyday. You can support this effort by participating in the 4th Annual Golf Tournament, February 12, 2010 at Pebble Creek Golf Club. (See flyer for details).

There are several sponsorship opportunities available and with your support, we can make Tampa a Model Clean City.

Sponsorship Levels:

Platinum Plus	\$15,000
Platinum	\$10,000
Gold	\$ 5,000
Silver	\$ 3,000
Bronze	\$ 1,000
High School Art Contest	\$ 1,000
Photography Support Svcs	\$ 1,000
Adopt-A-Trash Receptacle	\$ 750
Vendor Booth	\$ 200

Make checks payable to: Friends of Clean City (501C3 non-profit organization, ID#26-1727917)
P.O. Box 172035, Tampa Florida 33672

Most importantly, your support will help move the City of Tampa up into the Top 5 Treasured Cleanest Cities within the United States.

Respectfully,

Donna Hughes, Operations President
