This is an annual Community Forum that allows the attendees to gather information on the services offered by the City of Tampa and other local agencies. Topics include access to housing, crime prevention, the 2010 Census, and Immigration/Migratory Reform.

The Mayor of Tampa, Pam Iorio, and other government officials, will be providing information pertaining to programs, services, and new projects that are of great impact to Tampa residents.

You are welcome to visit the information tables sponsored by participating agencies. Remember to ask for your ticket (free) to participate in a gift raffle. Refreshments will be served.

This forum is free and open to the general public, and the Hispanic community will have the opportunity to be informed, express concerns, and ask questions.

Hope to see you there!
