Try Our New Code Search Service

Search City & State Construction Codes Online 24 Hours a Day

As part of our commitment to our customers, we continue to research, develop, and implement new ideas and ways to serve you better. Our latest improvement is our new code search service that enables you to search all of the City of Tampa land development regulations and state construction codes for your construction projects.

We have partnered with Municode Inc., the publisher of all city codes, and developed the Code Search Service. It includes the following technical codes and manuals:

- **Chapter 5** Building Construction Code
- **Chapter 13** Tree and Landscape Code & Technical Manual
- **Chapter 17.5** Planning and Land Development
- **Chapter 20.5** Sign Code
- **Chapter 21** Stormwater Code & Technical Manual
- **Chapter 23** Subdivision Code
- **Chapter 25** Transportation Code & Technical Manual
- **Chapter 27** Zoning Code

The Construction Codes are presented in an easy-to-use Folio Views format, which allows you to search for information by a single word, group of words, or by section. It also enables you to search in one code or throughout all of the codes. You can print a highlighted section or the whole section of a particular code for your files, or you can copy the information to send via email.

The Construction Codes are updated on a monthly basis, to keep them as current as possible for your use. In addition, we have provided links to the complete text of the various volumes of the Florida Building Code.

To start using this service log on to our website at <http://www.tampagov.net> and select Construction Services.
