RFQ- 7-D-73 - The City of Tampa desires to obtain Professional **Engineering** services to conduct a Project Development & Environmental Study (**PD & E**) for widening from two-lane undivided to four-lane divided of the **Cross Creek Blvd** between W. Cory Lake Blvd. and Morris Bridge Road. Service requirements may include Project Initiation, Data Collection, Development and Analysis of Alternatives including a No-Build option, Conceptual Design, Public Workshop, Public Hearing, and Final Approval. Data will consider area traffic counts, existing land use and property, planned development, drainage systems and patterns, wetlands, species habitat, contamination, and archeological and historical sites. Other requirements include a geotechnical engineering study and recommendations; vertical and horizontal alignments; typical section recommendations; construction staging; identifying impacts and jurisdictional involvement; selecting a recommended design concept; obtaining conceptual approvals for the selected design concept from environmental agencies and FDOT; and developing preliminary cost estimates.

Firms desiring to provide these services to the City must be pre-qualified by FDOT; or request an FDOT qualification package, available from the Contractual Services Office in Tallahassee, (850) 414-4485 and submit a complete request for qualification to FDOT by the advertised deadline below.

A Pre-Submission Conference for this project will be conducted at 3:00PM Tuesday July 17th, at 306 E. Jackson Street, Tampa, Florida, in the 4th Floor Conference Room. Attendance is not mandatory.

Background information for the project may be provided on the FDOT ETDM site (Project #8727) at:
<http://etdmpub.fl-etat.org/est/index.jsp?url=projectDescription.jsp?dummy=0.9659473407408223>

A link to additional material may be provided at:
