Introduction

The City of Tampa receives an annual allocation from the U.S. Department of Housing and Urban Development (HUD) for the Community Development Block Grant Program (CDBG) and HOME Investment Partnerships Program. This application and guidelines has been designed to integrate for the CDBG funding source to be included in the City of Tampa's FY12/PY11 Annual Action Plan.

The CDBG program included in this application enables the City of Tampa to address different needs within the community. If an organization wishes to be considered for more than one funding source, they must submit complete applications for each source. If any of the applications are incomplete, they will not be considered.

The City of Tampa will utilize these funds to provide a suitable living environment; create decent, affordable housing; and expand economic opportunities for low- and moderate-income residents of the City of Tampa. In order to be considered for funding:

1. The applicant must be 501(c) non-profit organization,
2. Be located inside the city limits or provide services to clients residing in the city limits,
3. Must have been in business for at least two (2) years in the State of Florida, and
4. Programs receiving funds must have operated for at least one (1) year in Florida.

(Note: The CDBG Program is to benefit low and moderate-income persons, funding is intended to provide a fee for service, not start-up or development costs.)

Another HUD grant is available (under a separate application): The HOME Community Housing Development Organizations (CHDO) is made available to 501(c) non-profit organizations for projects that provide affordable housing opportunities in the City of Tampa for low to moderate-income households. Fifteen percent (15%) of the City's HOME funds must be allocated to projects undertaken by CHDO's that are certified by the City. CHDO proposals are to be submitted through this RFP process. Please contact Michelle Boone at (813) 274-7944 if interested or have questions about applying for CHDO funds.

All applications are available for printing at http://www.tampagov.net/dept_Budget/.

IV. FREQUENTLY ASKED QUESTIONS

1. *Will applicants be held to the budget, timeline, and goals in the application?*

Yes. Specific limits and requirements will be part of your contract with the City of Tampa.

2. *What if something happens and applicant needs to change our budget, timeline, or goals?*

An amendment to the project contract can be executed if there are legitimate reasons for doing so. However, you should not count on this, particularly if your agency wants an amendment because it did not begin the project on time or has changed its plans about the project scope or budget.

3. *Will agencies get the full amount of funding requested?*

Projects may receive full or partial funding depending on the nature of the project, amount requested, funds available, and RFP evaluation criteria results. If your project is not viable without full funding, be sure to indicate this fact in your application.

4. *Are matching funds required?*

No. However, agencies that provide match funds will receive additional 10 points. The applicant must demonstrate that at least 25% of the total project budget is from other federal, state, local or private sources (documentation must be provided and included in the budget).

5. *When will applicants know whether they will be funded? When can agencies spend the money?*

The city anticipates making preliminary award notifications in May 2011 with funds available for commitment and expenditure on or about October 1, 2011. The receipt of an award letter is not a final guarantee of funding.

6. *Can agencies spend our money now and be reimbursed by CDBG funds later?*

No. If you commit or expend funding before receiving notice to proceed (signed agreement), you will not be eligible for reimbursement at any time.

7. *Will applicants hear from the City even if our application does not receive funding?*

Yes. All agencies will be notified in writing whether their applications will be fully, partially or not funded at all.

8. *Is it okay if my original application is late as long as it is faxed or postmarked by the submission deadline?*

No. The appropriate office must receive the original, signed application, no later than the submission deadline. Applications that are faxed or postmarked by the deadline with the

original application received later will be returned to the applicant. Please plan ahead, especially, if you intend to hand deliver your application.

I. PURPOSE OF CDBG FUNDS

The City of Tampa solicits the submission of project proposals for funding consideration under the City of Tampa's Community Development Block Grant (CDBG) Program, Thirty-Seventh Entitlement Period (October 1, 2011 through September 30, 2012) based on annual entitlement from the U.S. Department of Housing and Urban Development. The purpose of these funds is to develop viable urban communities by providing a suitable living environment, decent housing as well as to expand economic opportunities for low- and moderate-income persons.

The funds must be used to benefit low- and moderate-income persons, low income areas or to eliminate slum or blight conditions. CDBG funding cannot replace local funding of low-income activities, but is meant to supplement funding. The City of Tampa will not reimburse costs incurred in applying for CDBG funding. Beginning project costs before funds are officially released will result in project ineligibility and no reimbursement from the City of Tampa.

IV. READINESS

Awards are generally made for a one-year period. Since some large housing and community development projects will take more than a year to complete, it is recommended that these requests be split over multiple award cycles. For example, if planning for a construction project has not yet commenced, it is advised that the applicant split the activities to be performed into phases. Phases might include architecture, engineering, site work, and various levels of construction completion. If your application is for a portion of a total project and you intend to apply for the remaining funding the following year, please acknowledge this in the application (site control, plans, engineering and financial commitments).

V. FUNDING PRIORITIES

The City of Tampa identified five-year CDBG funding priorities in the Consolidated Plan FY2008-2012. The City identified high priorities for housing and non-housing activities which are provided below.

§ 570.611 Conflict of Interest

Please read and sign at the bottom of the next page, signifying that you have read and agree to adhere to the following policy. Also, please disclose any potential conflicts including any boards or committees currently serving on, any private companies owned by you or members of your Board of Directors, and any other potential conflicts.

(a) *Applicability.* (1) In the procurement of supplies, equipment, construction, and services by recipients and by subrecipients, the conflict of interest provisions in 24 CFR 85.36 and 24 CFR 84.42, respectively, shall apply.

(2) In all cases not governed by 24 CFR 85.36 and 84.42, the provisions of this section shall apply. Such cases include the acquisition and disposition of real property and the provision of assistance by the recipient or by its subrecipients to individuals, businesses, and other private entities under eligible activities that authorize such assistance (e.g., rehabilitation, preservation, and other improvements of private properties or facilities pursuant to §570.202; or grants, loans, and other assistance to businesses, individuals, and other private entities pursuant to §570.203, 570.204, 570.455, or 570.703(i)).

(b) *Conflicts prohibited.* The general rule is that no persons described in paragraph (c) of this section who exercise or have exercised any functions or responsibilities with respect to CDBG activities assisted under this part, or who are in a position to participate in a decision-making process or gain inside information with regard to such activities, may obtain a financial interest or benefit from a CDBG-assisted activity, or have a financial interest in any contract, subcontract, or agreement with respect to a CDBG-assisted activity, or with respect to the proceeds of the CDBG-assisted activity, either for themselves or those with whom they have business or immediate family ties, during their tenure or for one year thereafter. For the UDAG program, the above restrictions shall apply to all activities that are a part of the UDAG project, and shall cover any such financial interest or benefit during, or at any time after, such person's tenure.

(c) *Persons covered.* The conflict of interest provisions of paragraph (b) of this section apply to any person who is an employee, agent, consultant, officer, or elected official or appointed official of the recipient, or of any designated public agencies, or of subrecipients that are receiving funds under this part.

(d) *Exceptions.* Upon the written request of the recipient, HUD may grant an exception to the provisions of paragraph (b) of this section on a case-by-case basis when it has satisfactorily met the threshold requirements of (d)(1) of this section, taking into account the cumulative effects of paragraph (d)(2) of this section.

(1) *Threshold requirements.* HUD will consider an exception only after the recipient has provided the following documentation:

- (i) A disclosure of the nature of the conflict, accompanied by an assurance that there has been public disclosure of the conflict and a description of how the public disclosure was made; and
- (ii) An opinion of the recipient's attorney that the interest for which the exception is sought would not violate State or local law.

(2) *Factors to be considered for exceptions.* In determining whether to grant a requested exception after the recipient has satisfactorily met the requirements of paragraph (d)(1) of this section, HUD shall conclude that such an exception will serve to further the purposes of the Act and the effective and efficient administration of the recipient's program or project, taking into account the cumulative effect of the following factors, as applicable:

- (i) Whether the exception would provide a significant cost benefit or an essential degree of expertise to the program or project that would otherwise not be available;
- (ii) Whether an opportunity was provided for open competitive bidding or negotiation;
- (iii) Whether the person affected is a member of a group or class of low- or moderate-income persons intended to be the beneficiaries of the assisted activity, and the exception will permit such person to receive generally the same interests or benefits as are being made available or provided to the group or class;
- (iv) Whether the affected person has withdrawn from his or her functions or responsibilities, or the decision-making process with respect to the specific assisted activity in question;
- (v) Whether the interest or benefit was present before the affected person was in a position as described in paragraph (b) of this section;
- (vi) Whether undue hardship will result either to the recipient or the person affected when weighed against the public interest served by avoiding the prohibited conflict; and
- (vii) Any other relevant considerations.
