

RESOLUTION NO. 2022- 1051

A RESOLUTION ACCEPTING THE PROPOSALS OF RTD CONSTRUCTION, INC., KIMMINS CONTRACTING, INC., JVS CONTRACTING, INC., AND DALLAS 1 CORPORATION DBA DALLAS 1 CONSTRUCTION & DEVELOPMENT PERTAINING TO CONTRACT 22-C-00034; CITYWIDE METER, HYDRANT AND VALVE INSTALLATION AND REPLACEMENT, IN THE AMOUNT OF \$6,500,000 FOR EACH CONTRACT; AUTHORIZING THE EXECUTION OF THE CONTRACT BY THE MAYOR OF THE CITY OF TAMPA; PROVIDING AN EFFECTIVE DATE.

WHEREAS, on August 30, 2022, the Mayor received bids, tabulation of such bids being hereto attached for informational purposes, for the construction of Citywide Meter, Hydrant and Valve Installation and Replacement, and recommends to this Council that the proposals of RTD Construction, Inc., Kimmins Contracting, Inc., JVS Contracting, Inc. and Dallas 1 Corporation dba Dallas 1 Construction & Development be accepted, funds therefore being available in the appropriate account.

NOW, THEREFORE,

BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF TAMPA, FLORIDA, THAT:

Section 1. The proposals of RTD Construction, Inc., Kimmins Contracting, Inc., JVS Contracting, Inc. and Dallas 1 Corporation dba Dallas 1 Construction & Development in the amount of \$6,500,000 for each contract for construction of the Citywide Meter, Hydrant and Valve Installation and Replacement, in accordance with plans, specifications and other related contract documents prepared by the Contract Administration Department, are hereby approved and accepted; and the Contracts are hereby awarded to the said Contractors. For convenience, the contract with RTD Construction, Inc. shall be designated 22-C-34001, the contract with Kimmins Contracting, Inc. shall be designated 22-C-34002, the contract with JVS Contracting, Inc. shall be designated 22-C-34003 and the contract with Dallas 1 Corporation dba Dallas 1 Construction & Development shall be designated 22-C-340004.

Section 2. This Resolution, which is not part of the contract documents, authorizes the Mayor to execute and the City Clerk to attest and affix the official seal of the City of Tampa to the Contract for and on behalf of the City of Tampa.

Section 3. Plans, specifications and contract documents for the construction of said Project, which documents are now on file in the office of the Contract Administration Department of the City of Tampa, are hereby approved in their entirety or in substantially similar form.

Section 4. The Director of the Contract Administration Department is hereby authorized to issue, in written form only, work directive changes authorizing additions, deletions or revisions resulting from unforeseen conditions or emergencies, said directives to be incorporated in subsequently issued change orders approved by the City Council.

Section 5. Any and all technical errors, informalities and irregularities in the proposal of the Contractor are hereby waived.

Section 6. The bid security of the bidders shall be returned in accordance with the provisions of the contract documents for this project.

Section 7. This resolution provides funding for citywide water meter, hydrant, and valve installation and replacement in the amount of \$6,500,000 for each contract for a cumulative amount of \$26,000,000 from various funds and controlled by requisition, for use by the Water Department, as needed.

Section 8. The City Clerk shall file a fully executed copy of the Agreement in the official records of the City of Tampa as maintained by the Office of the City Clerk.

Section 9. Other proper officers of the City of Tampa are authorized to do all things necessary and proper in order to carry out and make effective the provisions of this Resolution, which shall take effect immediately upon its adoption.

This Power of Attorney is made and executed pursuant to and by authority of the following By-laws and Authorizations of The Ohio Casualty Insurance Company, Liberty Mutual Insurance Company, and West American Insurance Company which resolutions are now in full force and effect reading as follows:

ARTICLE IV - OFFICERS: Section 12 Power of Attorney.

Any officer or other official of the Corporation authorized for that purpose in writing by the Chairman or the President, and subject to such limitation as the Chairman or the President may prescribe, shall appoint such attorneys-in-fact, as may be necessary to act in behalf of the Corporation to make, execute, seal, acknowledge and deliver as surety any and all undertakings, bonds, recognizances and other surety obligations. Such attorneys-in-fact, subject to the limitations set forth in their respective powers of attorney, shall have full power to bind the Corporation by their signature and execution of any such instruments and to attach thereto the seal of the Corporation. When so executed, such instruments shall be as binding as if signed by the President and attested to by the Secretary. Any power or authority granted to any representative or attorney-in-fact under the provisions of this article may be revoked at any time by the Board, the Chairman, the President or by the officer or officers granting such power or authority.

ARTICLE XIII - Execution of Contracts: Section 5. Surety Bonds and Undertakings.

Any officer of the Company authorized for that purpose in writing by the chairman or the president, and subject to such limitations as the chairman or the president may prescribe, shall appoint such attorneys-in-fact, as may be necessary to act in behalf of the Company to make, execute, seal, acknowledge and deliver as surety any and all undertakings, bonds, recognizances and other surety obligations. Such attorneys-in-fact subject to the limitations set forth in their respective powers of attorney, shall have full power to bind the Company by their signature and execution of any such instruments and to attach thereto the seal of the Company. When so executed such instruments shall be as binding as if signed by the president and attested by the secretary.

Certificate of Designation - The President of the Company, acting pursuant to the Bylaws of the Company, authorizes David M. Carey, Assistant Secretary to appoint such attorneys-in-fact as may be necessary to act on behalf of the Company to make, execute, seal, acknowledge and deliver as surety any and all undertakings, bonds, recognizances and other surety obligations.

Authorization - By unanimous consent of the Company's Board of Directors, the Company consents that facsimile or mechanically reproduced signature of any assistant secretary of the Company, wherever appearing upon a certified copy of any power of attorney issued by the Company in connection with surety bonds, shall be valid and binding upon the Company with the same force and effect as though manually affixed.

I, Renee C. Llewellyn, the undersigned, Assistant Secretary, The Ohio Casualty Insurance Company, Liberty Mutual Insurance Company, and West American Insurance Company do hereby certify that the original power of attorney of which the foregoing is a full, true and correct copy of the Power of Attorney executed by said Companies, is in full force and effect and has not been revoked.

IN TESTIMONY WHEREOF, I have hereunto set my hand and affixed the seals of said Companies this 30th day of August, 2022.

Good Faith Effort Compliance Plan Guidelines
 for Women/Minority Business Enterprise/Small Local Business Enterprise Participation
 City of Tampa - Equal Business Opportunity Program
 (MBD Form 50 - detailed instructions on page 2 of 2)

Contract Name Citywide Meter, Hydrant, and Valve Installation and Replacement Bid Date 8/30/2022

Bidder/Proposer RTD Construction, Inc.

Signature [Signature] Date 8/30/22

Name Dannie E. Jordan Title President

The Compliance Plan with attachments is a true account of Good Faith Efforts (GFE) made to achieve the participation goals as specified for Women/Minority Business Enterprises/Small Local Business Enterprises (WMBE/SLBE) on the referenced contract:

The WMBE/SLBE participation Goal is Met or Exceeded. See DMI Forms 10 and 20 which accurately report all subcontractors solicited and all subcontractors to-be-utilized.

The WMBE/SLBE participation Goal is Not Achieved. The following list is an overview of the baseline GFE action steps already performed. Furthermore, it is understood that these GFE requirements are weighted in the compliance evaluation based on the veracity and demonstrable degree of documentation provided with the bid/proposal:

(Check applicable boxes below. Must enclose supporting documents accordingly with remarks)

- (1) Solicited through reasonable and available means the interest of WMBE/SLBEs that have the capability to perform the work of the contract. The Bidder or Proposer must solicit this interest within sufficient time to allow the WMBE/SLBEs to respond. The Bidder or Proposer must take appropriate steps to follow up initial solicitations with interested WMBE/SLBEs. See DMI report forms for subcontractors solicited. See enclosed supplemental data on solicitation efforts. Qualifying Remarks:
- (2) Provided interested WMBE/SLBEs with adequate, specific scope information about the plans, specifications, and requirements of the contract, including addenda in a timely manner to assist them in responding to the requested-scope identified by bidder/proposer for the solicitation. See enclosed actual solicitations used. Qualifying Remarks:
- (3) Negotiated in good faith with interested WMBE/SLBEs that have submitted bids (e.g. adjusted quantities or scale). Documentation of negotiation must include the names, addresses, and telephone numbers of WMBE/SLBEs that were solicited; the date of each such solicitation; a description of the information provided regarding the plans and specifications for the work selected for subcontracting, and evidence as to why agreements could not be reached with WMBE/SLBEs to perform the work. Additional costs involved in soliciting and using subcontractors is not a sufficient reason for a bidder/proposer's failure to meet goals or achieve participation, as long as such costs are reasonable. Bidders are not required to accept excessive quotes in order to meet the goal. DMI Utilized Forms for sub-(contractor/consultant) reflect genuine negotiations This project is an RFQ/RFP in nature and negotiations are limited to clarifications of scope/specifications and qualifications. See enclosed documentation. Qualifying Remarks:
- (4) Not rejecting WMBE/SLBEs as being unqualified without justification based on a thorough investigation of their capabilities. The WMBE/SLBEs standing within its industry, membership in specific groups, organizations / associations and political or social affiliations are not legitimate causes for rejecting or not soliciting bids to meet the goals. Not applicable. See attached justification for rejection of a subcontractor's bid or proposal. Qualifying Remarks:
- (5) Made scope(s) of work available to WMBE/SLBE subcontractors and suppliers; and, segmented portions of the work or material consistent with the available WMBE/SLBE subcontractors and suppliers, so as to facilitate meeting the goal. Sub-Contractors were allowed to bid on their own choice of work or trade without restriction to a pre-determined portion. See enclosed comments. Qualifying Remarks:
- (6) Made good faith efforts, despite the ability or desire of Bidder/Proposer to perform the work of a contract with its own forces/organization. A Bidder/Proposer who desires to self-perform the work of a contract must demonstrate good faith efforts if the goal has not been met. Sub-Contractors were not prohibited from submitting bids/proposals and were solicited on work typically self-performed by the prime. Qualifying Remarks:
- (7) Segmented portions of the work to be performed by WMBE/SLBEs in order to increase the likelihood that the goals will be met. This includes, where appropriate, breaking out contract work items into economically feasible units (quantities/scale) to facilitate WMBE/SLBE participation, even when the Bidder/Proposer might otherwise prefer to perform these work items with its own forces. Sub-Contractors were allowed to bid on their own choice of work or trade without restriction to a pre-determined portion. Sub-Contractors were not prohibited from submitting bids/proposals and were solicited on work typically self-performed by the prime. See enclosed comments. Qualifying Remarks:
- (8) Made efforts to assist interested WMBE/SLBEs in obtaining bonding, lines of credit, or insurance as required by the city or contractor. See enclosed documentation on initiatives undertaken and methods to accomplish. Qualifying Remarks:
- (9) Made efforts to assist interested WMBE/SLBEs in obtaining necessary equipment, supplies, materials, or related assistance or services, including participation in an acceptable mentor-protégé program. See enclosed documentation of initiatives and/or agreements. Qualifying Remarks:
- (10) Effectively used the services of the City and other organizations that provide assistance in the recruitment and placement of WMBE/SLBEs. See enclosed documentation. The following services were used: WMBE and/or SLBE Directory

 RE: EBO Bid Compliance Evaluation - GFCEP Solicitation and Utilization Audit

PROJECT: 22-C-00034 Citywide Meter Hydrant and Valve Installation and Replacement
LOW BIDDER: RTD Construction, Inc
BID AMOUNT: \$5,164,863.00

U-WMBE (BBE) and SLBE Subcontract Goal: 20%
U-WMBE/SLBE Goal Attainment: 20.1%
Good Faith Effort Compliance: Compliant-Met Requirements

The Equal Business Opportunity Office evaluated the Good Faith Effort Compliance Plan (GFCEP) submitted by Low Bidder RTD Construction, Inc and determined they complied with the requirements of the Equal Business Opportunity Program (EBO) at time of bid by having performed meaningful action steps to (a) identify and (b) directly solicit Underutilized-WMBE and SLBE eligible companies to quote divisions of work commensurate with the participation goal. The project goal was narrowly tailored based on three (3) out of eight (8) subcontract categories wherein the requisite, eligible U-WMBE and SLBE companies represented a minimum availability group of twelve (12) firms, within an overall availability group of one hundred (100+) available COT certified companies by subcontract tasks.

NOTE: The subcontract goal is narrowly tailored (per policy) to target underutilization of affected groups in specific trade/industry categories. Any WMBE/SLBE achievement that was not a variable in calculation of the narrowly tailored goal is considered ancillary. Ancillary participation cannot be credited toward meeting the narrowly tailored goal but may count toward the bidder's overall project participation when GFCEP criteria for the underutilized group are met.

U-WMBE/SLBE Subcontract Goal Attainment

Certification Type	Classification	Classification	Totals
Dual Certified U-WMBE	BBE=13.35%	SLBE/HBE = 6.74	20.1%

Ancillary Participation

Certification Type	Classification	Classification	Totals
WMBE	n/a	n/a	n/a

Compliance Statement: EBO participation totals 20.1% of which BBE=13.35%; HBE=6.74% .

Good Faith Effort Compliance Plan Guidelines

for Women/Minority Business Enterprise/Small Local Business Enterprise Participation

City of Tampa - Equal Business Opportunity Program
(MBD Form 50 – detailed instructions on page 2 of 2)

Contract Name 22-C-00034 Citywide Meter, Hydrant, and Valve Installation and Replacement Bid Date 8/30/2022

Bidder/Proposer Kimmins Contracting Corp.

Signature  Date 8/30/2022

Name John Zemina Title Vice President

The Compliance Plan with attachments is a true account of Good Faith Efforts (GFE) made to achieve the participation goals as specified for Women/Minority Business Enterprises/Small Local Business Enterprises (WMBE/SLBE) on the referenced contract:

The WMBE/SLBE participation Goal is Met or Exceeded. See DMI Forms 10 and 20 which accurately report all subcontractors solicited and all subcontractors to-be-utilized.

The WMBE/SLBE participation Goal is Not Achieved. The following list is an overview of the baseline GFE action steps already performed. Furthermore, it is understood that these GFE requirements are weighted in the compliance evaluation based on the veracity and demonstrable degree of documentation provided with the bid/proposal:

(Check applicable boxes below. Must enclose supporting documents accordingly with remarks)

- (1) Solicited through reasonable and available means the interest of WMBE/SLBEs that have the capability to perform the work of the contract. The Bidder or Proposer must solicit this interest within sufficient time to allow the WMBE/SLBEs to respond. The Bidder or Proposer must take appropriate steps to follow up initial solicitations with interested WMBE/SLBEs. See DMI report forms for subcontractors solicited. See enclosed supplemental data on solicitation efforts. Qualifying Remarks:
- (2) Provided interested WMBE/SLBEs with adequate, specific scope information about the plans, specifications, and requirements of the contract, including addenda, in a timely manner to assist them in responding to the requested scope identified by bidder/proposer for the solicitation. See enclosed actual solicitations used. Qualifying Remarks:
- (3) Negotiated in good faith with interested WMBE/SLBEs that have submitted bids (e.g. adjusted quantities or scale). Documentation of negotiation must include the names, addresses, and telephone numbers of WMBE/SLBEs that were solicited; the date of each such solicitation; a description of the information provided regarding the plans and specifications for the work selected for subcontracting; and evidence as to why agreements could not be reached with WMBE/SLBEs to perform the work. Additional costs involved in soliciting and using subcontractors is not a sufficient reason for a bidder/proposer's failure to meet goals or achieve participation, as long as such costs are reasonable. Bidders are not required to accept excessive quotes in order to meet the goal. DMI Utilized Forms for sub-(contractor/consultant) reflect genuine negotiations This project is an RFQ/RFP in nature and negotiations are limited to clarifications of scope/specifications and qualifications. See enclosed documentation. Qualifying Remarks:
- (4) Not rejecting WMBE/SLBEs as being unqualified without justification based on a thorough investigation of their capabilities. The WMBE/SLBEs standing within its industry, membership in specific groups, organizations / associations and political or social affiliations are not legitimate causes for rejecting or not soliciting bids to meet the goals. Not applicable. See attached justification for rejection of a subcontractor's bid or proposal. Qualifying Remarks:
- (5) Made scope(s) of work available to WMBE/SLBE subcontractors and suppliers and, segmented portions of the work or material consistent with the available WMBE/SLBE subcontractors and suppliers, so as to facilitate meeting the goal Sub-Contractors were allowed to bid on their own choice of work or trade without restriction to a pre-determined portion See enclosed comments. Qualifying Remarks:
- (6) Made good faith efforts, despite the ability or desire of Bidder/Proposer to perform the work of a contract with its own forces/organization. A Bidder/Proposer who desires to self-perform the work of a contract must demonstrate good faith efforts if the goal has not been met Sub-Contractors were not prohibited from submitting bids/proposals and were solicited on work typically self-performed by the prime. Qualifying Remarks:
- (7) Segmented portions of the work to be performed by WMBE/SLBEs in order to increase the likelihood that the goals will be met. This includes, where appropriate, breaking out contract work items into economically feasible units (quantities/scale) to facilitate WMBE/SLBE participation, even when the Bidder/Proposer might otherwise prefer to perform these work items with its own forces. Sub-Contractors were allowed to bid on their own choice of work or trade without restriction to a pre-determined portion. Sub-Contractors were not prohibited from submitting bids/proposals and were solicited on work typically self-performed by the prime. See enclosed comments. Qualifying Remarks:
- (8) Made efforts to assist interested WMBE/SLBEs in obtaining bonding, lines of credit, or insurance as required by the city or contractor. See enclosed documentation on initiatives undertaken and methods to accomplish. Qualifying Remarks
- (9) Made efforts to assist interested WMBE/SLBEs in obtaining necessary equipment, supplies, materials, or related assistance or services, including participation in an acceptable mentor-protégé program. See enclosed documentation of initiatives and/or agreements. Qualifying Remarks:
- (10) Effectively used the services of the City and other organizations that provide assistance in the recruitment and placement of WMBE/SLBEs. See enclosed documentation. The following services were used:

 RE: EBO Bid Compliance Evaluation - GFECF Solicitation and Utilization Audit

PROJECT: 22-C-00034 Citywide Meter Hydrant and Valve Installation and Replacement
2nd LOW BIDDER: Kimmins Contracting Corp.
BID AMOUNT: \$6,545,303.00

U-WMBE (BBE) and SLBE Subcontract Goal: 20%
U-WMBE/SLBE Goal Attainment: 26.1%
Good Faith Effort Compliance: Compliant-Met Requirements

The Equal Business Opportunity Office evaluated the Good Faith Effort Compliance Plan (GFECF) submitted by 2nd Low Bidder, Kimmins Contracting Corp, and determined they complied with the requirements of the Equal Business Opportunity Program (EBO) at time of bid by having performed meaningful action steps to (a) identify and (b) directly solicit Underutilized-WMBE and SLBE eligible companies to quote divisions of work commensurate with the participation goal. The project goal was narrowly tailored based on three (3) out of eight (8) subcontract categories wherein the requisite, eligible U-WMBE and SLBE companies represented a minimum availability group of twelve (12) firms, within an overall availability group of one hundred (100+) available COT certified companies by subcontract tasks.

NOTE: The subcontract goal is narrowly tailored (per policy) to target underutilization of affected groups in specific trade/industry categories. Any WMBE/SLBE achievement that was not a variable in calculation of the narrowly tailored goal is considered ancillary. Ancillary participation cannot be credited toward meeting the narrowly tailored goal but may count toward the bidder's overall project participation when GFECF criteria for the underutilized group are met.

U-WMBE/SLBE Subcontract Goal Attainment

Good Faith Effort Compliance Plan Guidelines

for Women/Minority Business Enterprises/Small Local Business Enterprise Participation
City of Tampa - Equal Business Opportunity Program
(MBD Form 50 - detailed instructions on page 2 of 2)

Contract Name Citywide Meter, Hydrant and Valve Installation and Replacement Bid Date AUGUST 30, 2022

Bidder/Proposer JVS CONTRACTING INC.

Signature [Signature] Date AUGUST 30, 2022

Name JOHN V. SIMON, JR. Title PRESIDENT

The Compliance Plan with attachments is a true account of Good Faith Efforts (GFE) made to achieve the participation goals as specified for Women/Minority Business Enterprises/Small Local Business Enterprises (WMBE/SLBE) on the referenced contract:

The WMBE/SLBE participation Goal is Met or Exceeded. See DMI Forms 10 and 20 which accurately report all subcontractors solicited and all subcontractors to-be-utilized.

The WMBE/SLBE participation Goal is Not Achieved. The following list is an overview of the baseline GFE action steps already performed. Furthermore, it is understood that these GFE requirements are weighted in the compliance evaluation based on the veracity and demonstrable degree of documentation provided with the bid/proposal:

(Check applicable boxes below. Must enclose supporting documents accordingly with remarks)

- (1) Solicited through reasonable and available means the interest of WMBE/SLBEs that have the capability to perform the work of the contract. The Bidder or Proposer must solicit this interest within sufficient time to allow the WMBE/SLBEs to respond. The Bidder or Proposer must take appropriate steps to follow up initial solicitations with interested WMBE/SLBEs. See DMI report forms for subcontractors solicited. See enclosed supplemental data on solicitation efforts. Qualifying Remarks:
- (2) Provided interested WMBE/SLBEs with adequate, specific scope information about the plans, specifications, and requirements of the contract, including addenda, in a timely manner to assist them in responding to the requested-scope identified by bidder/proposer for the solicitation. See enclosed actual solicitations used. Qualifying Remarks:
- (3) Negotiated in good faith with interested WMBE/SLBEs that have submitted bids (e.g. adjusted quantities or scale). Documentation of negotiation must include the names, addresses, and telephone numbers of WMBE/SLBEs that were solicited; the date of each such solicitation; a description of the information provided regarding the plans and specifications for the work selected for subcontracting; and evidence as to why agreements could not be reached with WMBE/SLBEs to perform the work. Additional costs involved in soliciting and using subcontractors is not a sufficient reason for a bidder/proposer's failure to meet goals or achieve participation, as long as such costs are reasonable. Bidders are not required to accept excessive quotes in order to meet the goal. DMI Utilized Forms for sub-(contractor/consultant) reflect genuine negotiations This project is an RFQ/RFP in nature and negotiations are limited to clarifications of scope/specifications and qualifications. See enclosed documentation. Qualifying Remarks:
- (4) Not rejecting WMBE/SLBEs as being unqualified without justification based on a thorough investigation of their capabilities. The WMBE/SLBEs standing within its industry, membership in specific groups, organizations / associations and political or social affiliations are not legitimate causes for rejecting or not soliciting bids to meet the goals. Not applicable. See attached justification for rejection of a subcontractor's bid or proposal. Qualifying Remarks:
- (5) Made scope(s) of work available to WMBE/SLBE subcontractors and suppliers; and, segmented portions of the work or material consistent with the available WMBE/SLBE subcontractors and suppliers, so as to facilitate meeting the goal. Sub-Contractors were allowed to bid on their own choice of work or trade without restriction to a pre-determined portion. See enclosed comments. Qualifying Remarks:
- (6) Made good faith efforts, despite the ability or desire of Bidder/Proposer to perform the work of a contract with its own forces/organization. A Bidder/Proposer who desires to self-perform the work of a contract must demonstrate good faith efforts if the goal has not been met. Sub-Contractors were not prohibited from submitting bids/proposals and were solicited on work typically self-performed by the prime. Qualifying Remarks:
- (7) Segmented portions of the work to be performed by WMBE/SLBEs in order to increase the likelihood that the goals will be met. This includes, where appropriate, breaking out contract work items into economically feasible units (quantities/scale) to facilitate WMBE/SLBE participation, even when the Bidder/Proposer might otherwise prefer to perform these work items with its own forces. Sub-Contractors were allowed to bid on their own choice of work or trade without restriction to a pre-determined portion. Sub-Contractors were not prohibited from submitting bids/proposals and were solicited on work typically self-performed by the prime. See enclosed comments. Qualifying Remarks:
- (8) Made efforts to assist interested WMBE/SLBEs in obtaining bonding, lines of credit, or insurance as required by the city or contractor. See enclosed documentation on initiatives undertaken and methods to accomplish. Qualifying Remarks:
- (9) Made efforts to assist interested WMBE/SLBEs in obtaining necessary equipment, supplies, materials, or related assistance or services, including participation in an acceptable mentor-protégé program. See enclosed documentation of initiatives and/or agreements. Qualifying Remarks:
- (10) Effectively used the services of the City and other organizations that provide assistance in the recruitment and placement of WMBE/SLBEs. See enclosed documentation. The following services were used:

 RE: EBO Bid Compliance Evaluation - GFCEP Solicitation and Utilization Audit

PROJECT: 22-C-00034 Citywide Meter Hydrant and Valve Installation and Replacement
3rd LOW BIDDER: JVS Contracting, Inc
BID AMOUNT: \$6,573,620.00

U-WMBE (BBE) and SLBE Subcontract Goal: 20%
U-WMBE/SLBE Goal Attainment: 15.7%
Good Faith Effort Compliance: Compliant-Met Requirements

The Equal Business Opportunity Office evaluated the Good Faith Effort Compliance Plan (GFCEP) submitted by 3rd Low Bidder, JVS Contracting, Inc and determined they complied with the requirements of the Equal Business Opportunity Program (EBO) at time of bid by having performed meaningful action steps to (a) identify and (b) directly solicit Underutilized-WMBE and SLBE eligible companies to quote divisions of work commensurate with the participation goal. The project goal was narrowly tailored based on three (3) out of eight (8) subcontract categories wherein the requisite, eligible U-WMBE and SLBE companies represented a minimum availability group of twelve (12) firms, within an overall availability group of one hundred (100+) available COT certified companies by subcontract tasks.

NOTE: The subcontract goal is narrowly tailored (per policy) to target underutilization of affected groups in specific trade/industry categories. Any WMBE/SLBE achievement that was not a variable in calculation of the narrowly tailored goal is considered ancillary. Ancillary participation cannot be credited toward meeting the narrowly tailored goal but may count toward the bidder's overall project participation when GFCEP criteria for the underutilized group are met.

U-WMBE/SLBE Subcontract Goal Attainment

Certification Type	Classification	Classification	Totals
U-WMBE/SLBE	SLBE	Non-Minority	15.7%

Ancillary Participation

Certification Type	Classification	Classification	Totals
WMBE	ABE= 3.34%	HBE = 0.91%	4.25%

Compliance Statement: EBO participation totals 19.9% of which 15.7% SLBE (Non-Minority), 3.34% ABE (Asian Business Enterprise), and 0.91% HBE (Hispanic Business Enterprise).

TAMPA BID BOND

Contract 22-C-00034; Citywide Meter, Hydrant and Valve Installation and Replacement

KNOW ALL MEN BY THESE PRESENTS, that we, Dallas 1 Corporation dba Dallas 1 Construction & Development

(hereinafter called the Principal) and Westfield Insurance Company

(hereinafter called the Surety) a Corporation chartered and existing under the laws of the State of Ohio, with its principal offices in the City of Westfield Center, OH, and authorized to do business in the State of Florida, are held and firmly bound unto the City of Tampa, a Municipal Corporation of Hillsborough County, Florida, in the full and just sum of 5% of the amount of the (Bid) (Proposal) good and lawful money of the United States of America, to be paid upon demand of the City of Tampa, Florida, to which payment will and truly to be made we bind ourselves, our heirs, executors, administrators, successors, and assigns, jointly and severally and firmly these presents.

WHEREAS, the Principal is about to submit, or has submitted to the City of Tampa, Florida, a Proposal for the construction of certain facilities for the City designated Contract 22-C-00034, Citywide Meter, Hydrant and Valve Installation and Replacement.

WHEREAS, the Principal desires to file this Bond in accordance with law, in lieu of a certified Bidder's check otherwise required to accompany this Proposal.

NOW, THEREFORE: The conditions of this obligation are such that if the Proposal be accepted, the Principal shall, within twenty (20) days after the date of receipt of written Notice of Award, execute a contract in accordance with the Proposal and upon the terms, conditions and price set forth therein, in the form and manner required by the City of Tampa, Florida and execute a sufficient and satisfactory Public Construction Bond payable to the City of Tampa, Florida in an amount of one hundred percent (100%) of the total contract price, in form and with security satisfactory to said City, then this Bid Bond obligation is to be void; otherwise to be and remain in full force and virtue in law, and the Surety shall, upon failure of the Principal to comply with any or all of the foregoing requirements within the time specified above, immediately pay to the aforesaid City, upon demand, the amount thereof, in good and lawful money of the United States of America, not as a penalty, but as liquidated damages.

IN TESTIMONY THEREOF, the Principal and Surety have caused these presents to be duly signed and sealed this 30th day of August, 2022.

Good Faith Effort Compliance Plan Guidelines

for Women/Minority Business Enterprise/Small Local Business Enterprise Participation
City of Tampa - Equal Business Opportunity Program
(MBD Form 50 - detailed instructions on page 2 of 2)

Contract Name Citywide Meter, Hydrant and Valve Installation and Replacement Bid Date 8-30-22

Bidder/Proposer Dallas 1 Corp. dba Dallas 1 Construction & Development

Signature [Signature] Date Aug. 30, 2022

Name Bartle J. Azzarelli, III Title President

The Compliance Plan with attachments is a true account of Good Faith Efforts (GFE) made to achieve the participation goals as specified for Women/Minority Business Enterprises/Small Local Business Enterprises (WMBE/SLBE) on the referenced contract:

The WMBE/SLBE participation Goal is Met or Exceeded. See DMI Forms 10 and 20 which accurately report all subcontractors solicited and all subcontractors to-be-utilized.

The WMBE/SLBE participation Goal is Not Achieved. The following list is an overview of the baseline GFE action steps already performed. Furthermore, it is understood that these GFE requirements are weighted in the compliance evaluation based on the veracity and demonstrable degree of documentation provided with the bid/proposal:

(Check applicable boxes below. Must enclose supporting documents accordingly with remarks)

- (1) Solicited through reasonable and available means the interest of WMBE/SLBEs that have the capability to perform the work of the contract. The Bidder or Proposer must solicit this interest within sufficient time to allow the WMBE/SLBEs to respond. The Bidder or Proposer must take appropriate steps to follow up initial solicitations with interested WMBE/SLBEs. See DMI report forms for subcontractors solicited. See enclosed supplemental data on solicitation efforts. Qualifying Remarks:
- (2) Provided interested WMBE/SLBEs with adequate, specific scope information about the plans, specifications, and requirements of the contract, including addenda, in a timely manner to assist them in responding to the requested-scope identified by bidder/proposer for the solicitation. See enclosed actual solicitations used. Qualifying Remarks: They are hard to respond back
- (3) Negotiated in good faith with interested WMBE/SLBEs that have submitted bids (e.g. adjusted quantities or scale). Documentation of negotiation must include the names, addresses, and telephone numbers of WMBE/SLBEs that were solicited; the date of each such solicitation; a description of the information provided regarding the plans and specifications for the work selected for subcontracting; and evidence as to why agreements could not be reached with WMBE/SLBEs to perform the work. Additional costs involved in soliciting and using subcontractors is not a sufficient reason for a bidder/proposer's failure to meet goals or achieve participation, as long as such costs are reasonable. Bidders are not required to accept excessive quotes in order to meet the goal. DMI Utilized Forms for sub-(contractor/consultant) reflect genuine negotiations. This project is an RFQ/RFP in nature and negotiations are limited to clarifications of scope/specifications and qualifications. See enclosed documentation. Qualifying Remarks: Wanted exact work to be done & when. Really to some that in was a Workorder project
- (4) Not rejecting WMBE/SLBEs as being unqualified without justification based on a thorough investigation of their capabilities. The WMBE/SLBEs standing within the industry, membership in specific groups, organizations / associations and political or social affiliations are not legitimate causes for rejecting or not soliciting bids to meet the goals. Not applicable. See attached justification for rejection of a subcontractor's bid or proposal. Qualifying Remarks:
- (5) Made scope(s) of work available to WMBE/SLBE subcontractors and suppliers; and, segmented portions of the work or material consistent with the available WMBE/SLBE subcontractors and suppliers, so as to facilitate meeting the goal. Sub-Contractors were allowed to bid on their own choice of work or trade without restriction to a pre-determined portion. See enclosed comments. Qualifying Remarks:
- (6) Made good faith efforts, despite the ability or desire of Bidder/Proposer to perform the work of a contract with its own forces/organization. A Bidder/Proposer who desires to self-perform the work of a contract must demonstrate good faith efforts if the goal has not been met. Sub-Contractors were not prohibited from submitting bids/proposals and were solicited on work typically self-performed by the prime. Qualifying Remarks:
- (7) Segmented portions of the work to be performed by WMBE/SLBEs in order to increase the likelihood that the goals will be met. This includes, where appropriate, breaking out contract work items into economically feasible units (quantities/scale) to facilitate WMBE/SLBE participation, even when the Bidder/Proposer might otherwise prefer to perform these work items with its own forces. Sub-Contractors were allowed to bid on their own choice of work or trade without restriction to a pre-determined portion. Sub-Contractors were not prohibited from submitting bids/proposals and were solicited on work typically self-performed by the prime. See enclosed comments. Qualifying Remarks:
- (8) Made efforts to assist interested WMBE/SLBEs in obtaining bonding, lines of credit, or insurance as required by the city or contractor. See enclosed documentation on initiatives undertaken and methods to accomplish. Qualifying Remarks:
- (9) Made efforts to assist interested WMBE/SLBEs in obtaining necessary equipment, supplies, materials, or related assistance or services, including participation in an acceptable mentor-protégé program. See enclosed documentation of initiatives and/or agreements. Qualifying Remarks:
- (10) Effectively used the services of the City and other organizations that provide assistance in the recruitment and placement of WMBE/SLBEs. See enclosed documentation. The following services were used:

 RE: EBO Bid Compliance Evaluation - GFCEP Solicitation and Utilization Audit

PROJECT: 22-C-00034 Citywide Meter Hydrant and Valve Installation and Replacement
 4th LOW BIDDER: Dallas 1 Corporation
 BID AMOUNT: \$8,734,488.00

U-WMBE (BBE) and SLBE Subcontract Goal: 20%
 U-WMBE/SLBE Goal Attainment: 7.38%
 Good Faith Effort Compliance: Compliant-Met Requirements

The Equal Business Opportunity Office evaluated the Good Faith Effort Compliance Plan (GFCEP) submitted by 4th Low Bidder Dallas 1 Corporation, and determined they complied with the requirements of the Equal Business Opportunity Program (EBO) at time of bid by having performed meaningful action steps to (a) identify and (b) directly solicit Underutilized-WMBE and SLBE eligible companies to quote divisions of work commensurate with the participation goal. The project goal was narrowly tailored based on three (3) out of eight (8) subcontract categories wherein the requisite, eligible U-WMBE and SLBE companies represented a minimum availability group of twelve (12) firms, within an overall availability group of one hundred (100+) available COT certified companies by subcontract tasks.

NOTE: The subcontract goal is narrowly tailored (per policy) to target underutilization of affected groups in specific trade/industry categories. Any WMBE/SLBE achievement that was not a variable in calculation of the narrowly tailored goal is considered ancillary. Ancillary participation cannot be credited toward meeting the narrowly tailored goal but may count toward the bidder's overall project participation when GFCEP criteria for the underutilized group are met.

U-WMBE/SLBE Subcontract Goal Attainment

Certification Type	Classification	Classification	Totals
U-WMBE/SLBE	BBE = 7.21%	SLBE/WBE = .17%	7.38%

Ancillary Participation

Certification Type	Classification	Classification	Totals
WMBE	WBE = 0.002%		0.002%

Compliance Statement: EBO participation is 7.38% of which 7.21% represents BBE, 0.17% dual SLBE/WBE and 0.002% WBE.
