## ADDENDUM 1

November 2, 2018

### Contract 18-C-00034; Howard F. Curren AWTP Switchgear Building Protective Relays Replacement

Bidders on the above referenced project are hereby notified that the following addendum is made to the Contract Documents. BIDS TO BE SUBMITTED SHALL CONFORM TO THIS NOTICE.

Item 1: Replace Specifications Section W-45-Electrical subsections W-45.02.03 and W-45.02.07 with the following:

W-45.02.03. Tests: The Contractor shall provide all necessary instruments and special apparatus to conduct any test that may be required to ensure that the system is free of all improper grounds and short circuits. These tests shall be conducted in the presence of the Engineer prior to final acceptance. For each relay, each control action and alarm shall be tested using the set points and timing values downloaded from the existing protective relays and the values from the settings on the electromechanical relays removed.

W-45.02.07. Test Documentation: Provide all test equipment and document all tests, including each measurement and testing parameter. Test documentation shall be provided for each relay, listing each set point value and timing. Test documentation shall record the test current, voltage and timing, as applicable, and provide written acknowledgement that each control action and alarm functioned at the designated set point and timing.

Item 2: Attached is the pre-bid meeting sign-in sheet.

All other provisions of the Contract Documents and Specifications not in conflict with this Addendum shall remain in full force and effect. Questions are to be e-mailed to [ContractAdministration@tampagov.net](mailto:ContractAdministration@tampagov.net).
