 RE: EBO Bid Compliance Evaluation – Solicitation and Utilization

PROJECT: 18-C-00029: City-wide Stormwater Gravity Rehabilitation by Cured-in-Place Pipe (C.I.P.P.) FY 18

LOW BIDDER: Layne Inliner, LLC

BID AMOUNT: \$430,719.50

U-WMBE/Underutilized BBE Subcontract Goal: 2.5%

U-WMBE/BBE Goal Attainment: 0.0 %

Good Faith Effort Compliance: Sufficient

The Minority and Small Business Development Office evaluated the Good Faith Effort Compliance Plan (GFCEP) submitted by Layne Inliner, LLC and determined they complied with the requirements of the Equal Business Opportunity Program (EBO) by having performed meaningful action steps to (a) identify and (b) directly solicit Underutilized-WMBE (BBE) eligible companies to quote divisions of work commensurate with the participation goal. The project goal was narrowly-tailored on the basis of two (2) out of four (4) subcontract categories wherein the requisite, eligible U-WMBE companies represent a minimum availability, within an overall group of nineteen-plus (19+) available certified companies by subcontract tasks..

NOTE: The subcontract goal is narrowly-tailored (per policy) to target underutilization of affected groups in specific trade/industry categories. Any WMBE/SLBE achievement that was not a variable in calculation of the narrowly-tailored goal is considered ancillary. Ancillary participation cannot be credited toward meeting the narrowly-tailored goal, but may count toward overall project participation when GFCEP criteria for the underutilized group are met.

COMPLIANCE STATEMENT: Layne Inliner, LLC was unsuccessful in its effort to attain the narrowly-tailored U-WMBE goal; however, the bidder achieved ancillary participation of .81% representing WBE participation.
