 RE: EBO Bid Compliance Evaluation - GFCEP Utilization & Solicitation

PROJECT: 18-C-00032: Prescott Pump Station Force Main
LOW BIDDER: General Underground, LLC
BID AMOUNT: \$904,764.05
U-WMBE/Underutilized BBE/SLBE Goal: 10.1%
U-WMBE/BBE/SLBE Goal Attainment: 00.0%
Good Faith Effort Compliance: Sufficient

The Minority and Small Business Development Office evaluated the Good Faith Effort Compliance Plan (GFCEP) submitted by General Underground, LLC and determined they complied with the requirements of the Equal Business Opportunity Program (EBO) by having performed meaningful action steps to (a) identify and (b) directly solicit Underutilized-WMBE (BBE) and SLBE eligible companies to quote divisions of work commensurate with the subcontract participation goal. The project goal was narrowly-tailored on the basis of eight (8) out of eight (8) subcontract categories wherein the requisite, eligible U-WMBE/SLBE companies represented a minimum availability of forty (40) firms, within an overall group of sixty (60+) available COT certified companies, by subcontract tasks.

NOTE: The subcontract goal is narrowly-tailored (per policy) to target underutilization of affected groups in specific trade/industry categories. Any WMBE/SLBE achievement that was not a variable in calculation of the narrowly-tailored goal is considered ancillary. Ancillary participation cannot be credited toward meeting the narrowly-tailored goal, but may count toward overall project participation when GFCEP criteria for the underutilized group are met.

COMPLIANCE STATEMENT: General Underground, LLC conducted valid outreach and solicitation of U-WMBE/SLBE subcontractors. They were unsuccessful in attaining the narrowly-tailored project goal; however the bidder achieved ancillary participation of 2.4% WBE. The bidder is compliant and eligible for contract award.
