RESOLUTION NO. 2018-\_\_\_\_\_

**A RESOLUTION ACCEPTING THE PROPOSALS OF RTD CONSTRUCTION, INC., KIMMINS CONTRACTING CORP. AND DALLAS 1 CORPORATION PERTAINING TO CONTRACT 18-C-00030; CITY-WIDE METER, HYDRANT AND VALVE INSTALLATION AND REPLACEMENT, IN THE ADJUSTED AMOUNT OF \$2,700,000 EACH; AUTHORIZING THE EXECUTION OF THE CONTRACTS BY THE MAYOR OF THE CITY OF TAMPA; PROVIDING AN EFFECTIVE DATE.**

WHEREAS, on July 24, 2018, the Mayor received bids, tabulation of such bids being hereto attached for informational purposes, for the construction of City-wide Meter, Hydrant and Valve Installation and Replacement, and recommends to this Council that the proposals of RTD Construction, Inc., Kimmins Contracting Corp. and Dallas 1 Corporation be accepted, funds therefore being available in the appropriate account;

NOW, THEREFORE,

BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF TAMPA, FLORIDA, THAT:

Section 1. The proposals of RTD Construction, Inc., Kimmins Contracting Corp. and Dallas 1 Corporation in the adjusted amount of \$2,700,000 each for construction of the City-wide Meter, Hydrant and Valve Installation and Replacement, in accordance with plans, specifications and other related contract documents prepared by the Contract Administration Department, are hereby approved and accepted; and the Contracts are hereby awarded to the said Contractors. For convenience, the contract with RTD Construction, Inc. shall be designated 18-C-30001, the contract with Kimmins Contracting Corp. shall be designated 18-C-30002 and the contract with Dallas 1 Corporation shall be designated 18-C-30003.

Section 2. This Resolution, which is not part of the contract documents, authorizes the Mayor to execute and the City Clerk to attest and affix the official seal of the City of Tampa to the Contracts for and on behalf of the City of Tampa.

Section 3. Plans, specifications and contract documents for the construction of said Project, which documents are now on file in the office of the Contract Administration Department of the City of Tampa, are hereby approved in their entirety or in substantially similar form.

Section 4. The Director of the Contract Administration Department is hereby authorized to issue, in written form only, work directive changes authorizing additions, deletions or revisions resulting from unforeseen conditions or emergencies, said directives to be incorporated in subsequently issued change orders approved by the City Council.

Section 5. Any and all technical errors, informalities and irregularities in the proposals of the Contractors are hereby waived.

Section 6. The bid security of the bidders shall be returned in accordance with the provisions of the contract documents for this project.

Section 7. Funding for the three Awards, in the adjusted amounts of \$2,700,000 each, for a total of \$8,100,000 is available from various funds and shall be controlled by requisition for use by the Water Department as needed.

Section 8. Other proper officers of the City of Tampa are authorized to do all things necessary and proper in order to carry out and make effective the provisions of this Resolution, which shall take effect immediately upon its adoption.

PASSED AND ADOPTED BY THE CITY COUNCIL OF THE CITY OF TAMPA, FLORIDA ON OCT 18 2018

# Good Faith Effort Compliance Plan Guidelines

for Women/Minority Business Enterprise/Small Local Business Enterprise Participation  
City of Tampa - Equal Business Opportunity Program  
(MBD Form 50 - detailed instructions on page 2 of 2)

Contract Name City-wide Meter, Hydrant, Valve Installation and Replacement Bid Date 7/24/2018

Bidder/Proposer RTD Construction, Inc.

Signature *Dannie E. Jordan* Date 7/24/2018

Name Dannie E. Jordan Title President

The Compliance Plan with attachments is a true account of Good Faith Efforts (GFE) made to achieve the participation goals as specified for Women/Minority Business Enterprises/Small Local Business Enterprises (WMBE/SLBE) on the referenced contract:

The WMBE/SLBE participation **Goal is Met or Exceeded**. See DMI Forms 10 and 20 which accurately report all subcontractors solicited and all subcontractors to-be-utilized.

The WMBE/SLBE participation **Goal is Not Achieved**. The following list is an overview of the baseline GFE action steps already performed. Furthermore, it is understood that these GFE requirements are weighted in the compliance evaluation based on the veracity and demonstrable degree of documentation provided with the bid/proposal;  
(Check applicable boxes below. Must enclose supporting documents accordingly with remarks)

- (1) Solicited through reasonable and available means the interest of WMBE/SLBEs that have the capability to perform the work of the contract. The Bidder or Proposer must solicit this interest within sufficient time to allow the WMBE/SLBEs to respond. The Bidder or Proposer must take appropriate steps to follow up initial solicitations with interested WMBE/SLBEs.  See DMI report forms for subcontractors solicited.  See enclosed supplemental data on solicitation efforts.  Qualifying Remarks:
- (2) Provided interested WMBE/SLBEs with adequate, specific scope information about the plans, specifications, and requirements of the contract, including addenda, in a timely manner to assist them in responding to the requested-scope identified by bidder/proposer for the solicitation.  See enclosed actual solicitations used.  Qualifying Remarks:
- (3) Negotiated in good faith with interested WMBE/SLBEs that have submitted bids (e.g. adjusted quantities or scale). Documentation of negotiation must include the names, addresses, and telephone numbers of WMBE/SLBEs that were solicited, the date of each such solicitation; a description of the information provided regarding the plans and specifications for the work selected for subcontracting; and evidence as to why agreements could not be reached with WMBE/SLBEs to perform the work. Additional costs involved in soliciting and using subcontractors is not a sufficient reason for a bidder/proposer's failure to meet goals or achieve participation, as long as such costs are reasonable. Bidders are not required to accept excessive quotes in order to meet the goal.  DMI Utilized Forms for sub-(contractor/consultant) reflect genuine negotiations  This project is an RFQ/RFP in nature and negotiations are limited to clarifications of scope/specifications and qualifications.  See enclosed documentation.  Qualifying Remarks:
- (4) Not rejecting WMBE/SLBEs as being unqualified without justification based on a thorough investigation of their capabilities. The WMBE/SLBEs standing within its industry, membership in specific groups, organizations / associations and political or social affiliations are not legitimate causes for rejecting or not soliciting bids to meet the goals.  Not applicable.  See attached justification for rejection of a subcontractor's bid or proposal.  Qualifying Remarks:
- (5) Made scope(s) of work available to WMBE/SLBE subcontractors and suppliers; and, segmented portions of the work or material consistent with the available WMBE/SLBE subcontractors and suppliers, so as to facilitate meeting the goal.  Sub-Contractors were allowed to bid on their own choice of work or trade without restriction to a pre-determined portion.  See enclosed comments.  Qualifying Remarks:
- (6) Made good faith efforts, despite the ability or desire of Bidder/Proposer to perform the work of a contract with its own forces/organization. A Bidder/Proposer who desires to self-perform the work of a contract must demonstrate good faith efforts if the goal has not been met.  Sub-Contractors were not prohibited from submitting bids/proposals and were solicited on work typically self-performed by the prime.  Qualifying Remarks:
- (7) Segmented portions of the work to be performed by WMBE/SLBEs in order to increase the likelihood that the goals will be met. This includes, where appropriate, breaking out contract work items into economically feasible units (quantities/scale) to facilitate WMBE/SLBE participation, even when the Bidder/Proposer might otherwise prefer to perform these work items with its own forces.  Sub-Contractors were allowed to bid on their own choice of work or trade without restriction to a pre-determined portion.  Sub-Contractors were not prohibited from submitting bids/proposals and were solicited on work typically self-performed by the prime.  See enclosed comments.  Qualifying Remarks:
- (8) Made efforts to assist interested WMBE/SLBEs in obtaining bonding, lines of credit, or insurance as required by the city or contractor.  See enclosed documentation on initiatives undertaken and methods to accomplish.  Qualifying Remarks:
- (9) Made efforts to assist interested WMBE/SLBEs in obtaining necessary equipment, supplies, materials, or related assistance or services, including participation in an acceptable mentor-protégé program.  See enclosed documentation of initiatives and/or agreements.  Qualifying Remarks:
- (10) Effectively used the services of the City and other organizations that provide assistance in the recruitment and placement of WMBE/SLBEs.  See enclosed documentation.  The following services were used: **WMBE and/or SLBE Directory**  
**www.tampagov.net**

Note: Provide any unsolicited information that will support the Bid/RFP Compliance Evaluation.  Named Documents Are:

Bidder acknowledges that the following addenda have been received and that the changes covered by the addendum(s) have been taken into account in this proposal: #1  #2  #3  #4  #5  #6  #7  #8 .

Bidder acknowledges the requirements of the City of Tampa's Equal Business Opportunity Program.

Bidder acknowledges that it is aware of Florida's Trench Safety Act (Sections 553.60-553.64, Florida Statutes), and agrees that Bidder together with any involved subcontractors will comply with all applicable trench safety standards. Bidder further acknowledges that included in the various items of this Proposal and the total bid price (as applicable) are costs for complying with the Trench Safety Act. Bidder further identifies the costs and methods summarized below:

	Trench Safety Measure (Description)	Unit of Measure (LF, SY)	Unit Quantity	Unit Cost	Extended Cost
A.	Sloping	LF	1,000	10.00	10,000.00

The Compliance Plan with attachments is a true account of Good Faith Efforts (GFE) made to achieve the participation goals as specified for Women/Minority Business Enterprises/Small Local Business Enterprises (WMBE/SLBE) on the referenced contract:

The WMBE/SLBE participation **Goal is Met or Exceeded**. See DMI Forms 10 and 20 which accurately report all subcontractors solicited and all subcontractors to-be-utilized.

The WMBE/SLBE participation Goal is **Not Achieved**. The following list is an overview of the baseline GFE action steps already performed. Furthermore, it is understood that these GFE requirements are weighted in the compliance evaluation based on the veracity and demonstrable degree of documentation provided with the bid/proposal:

(Check applicable boxes below. Must enclose supporting documents accordingly with remarks)

- (1) Solicited through reasonable and available means the interest of WMBE/SLBEs that have the capability to perform the work of the contract. The Bidder or Proposer must solicit this interest within sufficient time to allow the WMBE/SLBEs to respond. The Bidder or Proposer must take appropriate steps to follow up initial solicitations with interested WMBE/SLBEs.  See DMI report forms for subcontractors solicited.  See enclosed supplemental data on solicitation efforts.  Qualifying Remarks:
- (2) Provided interested WMBE/SLBEs with adequate, specific scope information about the plans, specifications, and requirements of the contract, including addenda, in a timely manner to assist them in responding to the requested-scope identified by bidder/proposer for the solicitation.  See enclosed actual solicitations used.  Qualifying Remarks:
- (3) Negotiated in good faith with interested WMBE/SLBEs that have submitted bids (e.g. adjusted quantities or scale). Documentation of negotiation must include the names, addresses, and telephone numbers of WMBE/SLBEs that were solicited; the date of each such solicitation; a description of the information provided regarding the plans and specifications for the work selected for subcontracting; and evidence as to why agreements could not be reached with WMBE/SLBEs to perform the work. Additional costs involved in soliciting and using subcontractors is not a sufficient reason for a bidder/proposer's failure to meet goals or achieve participation, as long as such costs are reasonable. Bidders are not required to accept excessive quotes in order to meet the goal.  DMI Utilized Forms for sub-(contractor/consultant) reflect genuine negotiations.  This project is an RFQ/RFP in nature and negotiations are limited to clarifications of scope/specifications and qualifications.  See enclosed documentation.  Qualifying Remarks:
- (4) Not rejecting WMBE/SLBEs as being unqualified without justification based on a thorough investigation of their capabilities. The WMBE/SLBEs standing within its industry, membership in specific groups, organizations / associations and political or social affiliations are not legitimate causes for rejecting or not soliciting bids to meet the goals.  Not applicable.  See attached justification for rejection of a subcontractor's bid or proposal.  Qualifying Remarks:
- (5) Made scope(s) of work available to WMBE/SLBE subcontractors and suppliers; and segmented portions of the work or material consistent with the available WMBE/SLBE subcontractors and suppliers, so as to facilitate meeting the goal.  Sub-Contractors were allowed to bid on their own choice of work or trade without restriction to a pre-determined portion.  See enclosed comments.  Qualifying Remarks:
- (6) Made good faith efforts, despite the ability or desire of Bidder/Proposer to perform the work of a contract with its own forces/organization. A Bidder/Proposer who desires to self-perform the work of a contract must demonstrate good faith efforts if the goal has not been met.  Sub-Contractors were not prohibited from submitting bids/proposals and were solicited on work typically self-performed by the prime.  Qualifying Remarks:
- (7) Segmented portions of the work to be performed by WMBE/SLBEs in order to increase the likelihood that the goals will be met. This includes, where appropriate, breaking out contract work items into economically feasible units (quantities/scale) to facilitate WMBE/SLBE participation, even when the Bidder/Proposer might otherwise prefer to perform these work items with its own forces.  Sub-Contractors were allowed to bid on their own choice of work or trade without restriction to a pre-determined portion.  Sub-Contractors were not prohibited from submitting bids/proposals and were solicited on work typically self-performed by the prime.  See enclosed comments.  Qualifying Remarks:
- (8) Made efforts to assist interested WMBE/SLBEs in obtaining bonding, lines of credit, or insurance as required by the city or contractor.  See enclosed documentation on initiatives undertaken and methods to accomplish.  Qualifying Remarks:
- (9) Made efforts to assist interested WMBE/SLBEs in obtaining necessary equipment, supplies, materials, or related assistance or services, including participation in an acceptable mentor-protégé program.  See enclosed documentation of initiatives and/or agreements.  Qualifying Remarks:
- (10) Effectively used the services of the City and other organizations that provide assistance in the recruitment and placement of WMBE/SLBEs.  See enclosed documentation.  The following services were used:

 RE: EBO Bid Compliance Evaluation - GFCEP Utilization & Solicitation

**PROJECT:** 18-C-00030: City-wide Meter, Hydrant and Value Installation

**BID AMOUNT:** \$2,785,436.00

**U-WMBE/Underutilized BBE Subcontract Goal:** 30.0%  
**U-WMBE/BBE Goal Attainment:** 17.13%  
**Good Faith Effort Compliance:** Sufficient

The Minority and Small Business Development Office evaluated the Good Faith Effort Compliance Plan (GFCEP) submitted by RTD Construction, Inc. and determined they complied with the requirements of the Equal Business Opportunity Program (EBO) by having performed meaningful action steps to (a) identify and (b) directly solicit Underutilized-WMBE (BBE) eligible companies to quote divisions of work commensurate with the participation goal. The project goal was narrowly-tailored on the basis of thirteen (13) out of fourteen (14) subcontract categories wherein the requisite, eligible U-WMBE companies represent a minimum availability group, within an overall group of one hundred ninety (190+) available certified companies, by subcontract tasks.

*NOTE: The subcontract goal is narrowly-tailored (per policy) to target underutilization of affected groups in specific trade/industry categories. Any WMBE/SLBE achievement that was not a variable in calculation of the narrowly-tailored goal is considered ancillary. Ancillary participation cannot be credited toward meeting the narrowly-tailored goal, but may count toward overall project participation when GFCEP criteria for the underutilized group are met.*

**COMPLIANCE STATEMENT:** Total U-WMBE participation is 17.13% representing BBE (African American Enterprise). Additionally, the bidder achieved ancillary participation of 0.28% ABE (Asian American); 0.65% Dual SLBE/HBE and 0.18% Dual SLBE/WBE. Total subcontract participation by certified companies is 18.24%.

 RE: EBO Bid Compliance Evaluation - GFCEP Utilization & Solicitation

**PROJECT:** 18-C-00030: City-wide Meter, Hydrant and Value Installation  
**3<sup>rd</sup> LOW BIDDER:** Dallas 1 Corp.  
**BID AMOUNT:** \$3,091,731.50  
**U-WMBE/Underutilized BBE Subcontract Goal:** 30.0%  
**U-WMBE/BBE Goal Attainment:** 20.0%  
**Good Faith Effort Compliance:** Sufficient

The Minority and Small Business Development Office evaluated the Good Faith Effort Compliance Plan (GFCEP) submitted by Dallas 1 Corp. and determined they complied with the requirements of the Equal Business Opportunity Program (EBO) by having performed meaningful action steps to (a) identify and (b) directly solicit Underutilized-WMBE (BBE) eligible companies to quote divisions of work commensurate with the participation goal. The project goal was narrowly-tailored on the basis of thirteen (13) out of fourteen (14) subcontract categories wherein the requisite, eligible U-WMBE companies represent a minimum availability group, within an overall group of one hundred ninety (190+) available certified companies, by subcontract tasks.

*NOTE: The subcontract goal is narrowly-tailored (per policy) to target underutilization of affected groups in specific trade/industry categories. Any WMBE/SLBE achievement that was not a variable in calculation of the narrowly-tailored goal is considered ancillary. Ancillary participation cannot be credited toward meeting the narrowly-tailored goal, but may count toward overall project participation when GFCEP criteria for the underutilized group are met.*

**COMPLIANCE STATEMENT:** Total U-WMBE participation is 20% representing BBE (African American Enterprise). Additionally, the bidder achieved ancillary participation of 0.6% ABE (Asian American Enterprise) and 0.14% SLBE (Non-Minority). The overall subcontract participation by certified companies is 20.74%.

### U-WMBE Subcontract Goal Attainment

Certification Type	Classification	Classification	Totals
U-WMBE Disparity	BBE		20.0%

### Ancillary WMBE/SLBE Participation

Certification Type	Classification	Totals
WMBE	ABE	0.6%
SLBE	Non-Minority	0.14%
