Good Faith Effort Compliance Plan Guidelines
for Women/Minority Business Enterprises/Small Local Business Enterprise Participation
City of Tampa - Equal Business Opportunity Program
(MBD Form 50 - detailed instructions on page 2 of 2)

Contract Name Citywide Meter Replacement Bid Date 6/2/2020
Bidder/Proposer RTD Construction, Inc.
Signature *Dannie E. Jordan* Date 5/28/2020
Name Dannie E. Jordan Title President

The Compliance Plan with attachments is a true account of Good Faith Efforts (GFE) made to achieve the participation goals as specified for Women/Minority Business Enterprises/Small Local Business Enterprises (WMBE/SLBE) on the referenced contract:

The WMBE/SLBE participation Goal is Met or Exceeded. See DMI Forms 10 and 20 which accurately report all subcontractors solicited and all subcontractors to-be-utilized.

The WMBE/SLBE participation Goal is Not Achieved. The following list is an overview of the baseline GFE action steps already performed. Furthermore, it is understood that these GFE requirements are weighted in the compliance evaluation based on the veracity and demonstrable degree of documentation provided with the bid/proposal:

(Check applicable boxes below. Must enclose supporting documents accordingly with remarks)

- (1) Solicited through reasonable and available means the interest of WMBE/SLBEs that have the capability to perform the work of the contract. The Bidder or Proposer must solicit this interest within sufficient time to allow the WMBE/SLBEs to respond. The Bidder or Proposer must take appropriate steps to follow up initial solicitations with interested WMBE/SLBEs. See DMI report forms for subcontractors solicited. See enclosed supplemental data on solicitation efforts. Qualifying Remarks;
- (2) Provided interested WMBE/SLBEs with adequate, specific scope information about the plans, specifications, and requirements of the contract, including addenda, in a timely manner to assist them in responding to the requested scope identified by bidder/proposer for the solicitation. See enclosed actual solicitations used. Qualifying Remarks;
- (3) Negotiated in good faith with interested WMBE/SLBEs that have submitted bids (e.g. adjusted quantities or scale). Documentation of negotiation must include the names, addresses, and telephone numbers of WMBE/SLBEs that were solicited; the date of each such solicitation; a description of the information provided regarding the plans and specifications for the work selected for subcontracting; and evidence as to why agreements could not be reached with WMBE/SLBEs to perform the work. Additional costs involved in soliciting and using subcontractors is not a sufficient reason for a bidder/proposer's failure to meet goals or achieve participation, as long as such costs are reasonable. Bidders are not required to accept excessive quotes in order to meet the goal.
 DMI Utilized Forms for sub-(contractor/consultant) reflect genuine negotiations This project is an RFQ/RFP in nature and negotiations are limited to clarifications of scope/specifications and qualifications. See enclosed documentation, Qualifying Remarks;
- (4) Not rejecting WMBE/SLBEs as being unqualified without justification based on a thorough investigation of their capabilities. The WMBE/SLBEs' standing within its industry, membership in specific groups, organizations / associations and political or social affiliations are not legitimate causes for rejecting or not soliciting bids to meet the goals. Not applicable. See attached justification for rejection of a subcontractor's bid or proposal. Qualifying Remarks;
- (5) Made scope(s) of work available to WMBE/SLBE subcontractors and suppliers; and, segmented portions of the work or material consistent with the available WMBE/SLBE subcontractors and suppliers, so as to facilitate meeting the goal. Sub-Contractors were allowed to bid on their own choice of work or trade without restriction to a pre-determined portion. See enclosed comments. Qualifying Remarks;
- (6) Made good faith efforts, despite the ability or desire of Bidder/Proposer to perform the work of a contract with its own forces/organization. A Bidder/Proposer who desires to self-perform the work of a contract must demonstrate good faith efforts if the goal has not been met. Sub-Contractors were not prohibited from submitting bids/proposals and were solicited on work typically self-performed by the prime. Qualifying Remarks;
- (7) Segmented portions of the work to be performed by WMBE/SLBEs in order to increase the likelihood that the goals will be met. This includes, where appropriate, breaking out contract work items into economically feasible units (quantities/scale) to facilitate WMBE/SLBE participation, even when the Bidder/Proposer might otherwise prefer to perform these work items with its own forces. Sub-Contractors were allowed to bid on their own choice of work or trade without restriction to a pre-determined portion. Sub-Contractors were not prohibited from submitting bids/proposals and were solicited on work typically self-performed by the prime. See enclosed comments. Qualifying Remarks;
- (8) Made efforts to assist interested WMBE/SLBEs in obtaining bonding, lines of credit, or insurance as required by the city or contractor. See enclosed documentation on initiatives undertaken and methods to accomplish. Qualifying Remarks;
- (9) Made efforts to assist interested WMBE/SLBEs in obtaining necessary equipment, supplies, materials, or related assistance or services, including participation in an acceptable mentor-protégé program. See enclosed documentation of initiatives and/or agreements. Qualifying Remarks;
- (10) Effectively used the services of the City and other organizations that provide assistance in the recruitment and placement of WMBE/SLBEs, See enclosed documentation. The following services were used:

RE: EBO Bid Compliance Evaluation – Bid Discount Solicitation & Utilization Audit

PROJECT: 20-C-00036-1&2 Citywide Meter Replacement

1st Low Bidder: RTD Construction, Inc

Bid Amount: \$643,150.25

2nd Low Bidder: Premier Meter Technology, LLC

Bid Amount: \$679,575.00

Pursuant to review by the Equal Business Opportunity (EBO) Office, narrowly tailored goals were not prescribed in the solicitation because the scope did not meet required EBO parameters for setting subcontract goals. However, the bid did not preclude subcontract participation. In lieu of project goals, EBO determined the project was eligible for overlay of the WMBE/SLBE bid discount provision. Therefore, the discount guidelines were incorporated with the bid specifications.

Ten (10) prime contractors responded to the solicitation, none of whom were WMBE or SLBE certified. Therefore, the bid discount was not a factor in determining the lowest 'responsive and responsible' bidder(s). RTD Construction Inc., was the low bidder and Premier Meter Technology, LLC was the second low bidder. Neither company qualified for the bid discount evaluation and both the low and second low bidder were compliant with requirements of the City's Equal Business Opportunity Program at the time of bid, by having submitted all mandatory DMI forms MBD-10, MBD-20 and MBD-50.

***NOTE:** The Bid Discount policy is applied where no subcontract goals have been set and the bid has not been designated as "sheltered market". The bid discount is a remedy to address disparity within prime contracting by "leveling the playing field" which promotes increased opportunity and bidding by certified companies. A five percent (5%) discount is deducted from the WMBE/SLBE's bid amount and such deduction (i.e. capped) shall be for low-bid evaluation purposes only. The discount shall be applied exclusively to COT certified bidders who also meet "narrowly tailored" eligibility criteria promulgated by disparity analysis. When this provision applies, appropriate procedures are required to be written in bid solicitations.*

Compliance Statement: EBO Office has determined that RTD Construction Inc. (Low) and Premier Meter Technology, LLC (2nd Low) are compliant and eligible for contract award. The solicitation included a bid discount provision for COT certified companies only. The scope did not meet EBO parameters for prescribing narrowly tailored subcontract goals in the solicitation; hence, the WMBE bid discount was invoked. None of the bidders were eligible for the bid discount.

Good Faith Effort Compliance Plan Guidelines

Contract Name Citywide Meter Replacement Bid Date 6/2/2020
 Bidder/Proposer Premier Meter Technology, LLC
 Signature *Wallace E. Bertschin* Date 5/29/2020
 Name Wallace E. Bertschin Title President

The Compliance Plan with attachments is a true account of Good Faith Efforts (GFE) made to achieve the participation goals as specified for Women/Minority Business Enterprises/Small Local Business Enterprises (WMBE/SLBE) on the referenced contract:

The WMBE/SLBE participation Goal is Met or Exceeded. See DMI Forms 10 and 20 which accurately report all subcontractors solicited and all subcontractors to-be-utilized.

The WMBE/SLBE participation Goal is Not Achieved. The following list is an overview of the baseline GFE action steps already performed. Furthermore, it is understood that these GFE requirements are weighted in the compliance evaluation based on the veracity and demonstrable degree of documentation provided with the bid/proposal:

(Check applicable boxes below. Must enclose supporting documents accordingly with remarks)

- (1) Solicited through reasonable and available means the interest of WMBE/SLBEs that have the capability to perform the work of the contract. The Bidder or Proposer must solicit this interest within sufficient time to allow the WMBE/SLBEs to respond. The Bidder or Proposer must take appropriate steps to follow up initial solicitations with interested WMBE/SLBEs. See DMI report forms for subcontractors solicited. See enclosed supplemental data on solicitation efforts. Qualifying Remarks:
- (2) Provided interested WMBE/SLBEs with adequate, specific scope information about the plans, specifications, and requirements of the contract, including addenda, in a timely manner to assist them in responding to the requested-scope identified by bidder/proposer for the solicitation. See enclosed actual solicitations used. Qualifying Remarks:
- (3) Negotiated in good faith with interested WMBE/SLBEs that have submitted bids (e.g. adjusted quantities or scale). Documentation of negotiation must include the names, addresses, and telephone numbers of WMBE/SLBEs that were solicited; the date of each such solicitation; a description of the information provided regarding the plans and specifications for the work selected for subcontracting; and evidence as to why agreements could not be reached with WMBE/SLBEs to perform the work. Additional costs involved in soliciting and using subcontractors is not a sufficient reason for a bidder/proposer's failure to meet goals or achieve participation, as long as such costs are reasonable. Bidders are not required to accept excessive quotes in order to meet the goal.
 DMI Utilized Forms for sub-(contractor/consultant) reflect genuine negotiations This project is an RFQ/RFP in nature and negotiations are limited to clarifications of scope/specifications and qualifications. See enclosed documentation.
 Qualifying Remarks:
- (4) Not rejecting WMBE/SLBEs as being unqualified without justification based on a thorough investigation of their capabilities. The WMBE/SLBEs standing within its industry, membership in specific groups, organizations / associations and political or social affiliations are not legitimate causes for rejecting or not soliciting bids to meet the goals. Not applicable. See attached justification for rejection of a subcontractor's bid or proposal. Qualifying Remarks:
- (5) Made scope(s) of work available to WMBE/SLBE subcontractors and suppliers; and, segmented portions of the work or material consistent with the available WMBE/SLBE subcontractors and suppliers, so as to facilitate meeting the goal. Sub-Contractors were allowed to bid on their own choice of work or trade without restriction to a pre-determined portion. See enclosed comments. Qualifying Remarks:
- (6) Made good faith efforts, despite the ability or desire of Bidder/Proposer to perform the work of a contract with its own forces/organization. A Bidder/Proposer who desires to self-perform the work of a contract must demonstrate good faith efforts if the goal has not been met. Sub-Contractors were not prohibited from submitting bids/proposals and were solicited on work typically self-performed by the prime. Qualifying Remarks:
 This work is self performed without the use of subcontractors.
- (7) Segmented portions of the work to be performed by WMBE/SLBEs in order to increase the likelihood that the goals will be met. This includes, where appropriate, breaking out contract work items into economically feasible units (quantities/scale) to facilitate WMBE/SLBE participation, even when the Bidder/Proposer might otherwise prefer to perform these work items with its own forces. Sub-Contractors were allowed to bid on their own choice of work or trade without restriction to a pre-determined portion. Sub-Contractors were not prohibited from submitting bids/proposals and were solicited on work typically self-performed by the prime. See enclosed comments. Qualifying Remarks:
- (8) Made efforts to assist interested WMBE/SLBEs in obtaining bonding, lines of credit, or insurance as required by the city or contractor.
 See enclosed documentation on initiatives undertaken and methods to accomplish. Qualifying Remarks:
- (9) Made efforts to assist interested WMBE/SLBEs in obtaining necessary equipment, supplies, materials, or related assistance or services, including participation in an acceptable mentor-protégé program. See enclosed documentation of initiatives and/or agreements. Qualifying Remarks:
- (10) Effectively used the services of the City and other organizations that provide assistance in the recruitment and placement of WMBE/SLBEs.
 See enclosed documentation. The following services were used:

RE: EBO Bid Compliance Evaluation – Bid Discount Solicitation & Utilization Audit

PROJECT: 20-C-00036-1&2 Citywide Meter Replacement

1st Low Bidder: RTD Construction, Inc

Bid Amount: \$643,150.25

2nd Low Bidder: Premier Meter Technology, LLC

Bid Amount: \$679,575.00

Pursuant to review by the Equal Business Opportunity (EBO) Office, narrowly tailored goals were not prescribed in the solicitation because the scope did not meet required EBO parameters for setting subcontract goals. However, the bid did not preclude subcontract participation. In lieu of project goals, EBO determined the project was eligible for overlay of the WMBE/SLBE bid discount provision. Therefore, the discount guidelines were incorporated with the bid specifications.

Ten (10) prime contractors responded to the solicitation, none of whom were WMBE or SLBE certified. Therefore, the bid discount was not a factor in determining the lowest 'responsive and responsible' bidder(s). RTD Construction Inc., was the low bidder and Premier Meter Technology, LLC was the second low bidder. Neither company qualified for the bid discount evaluation and both the low and second low bidder were compliant with requirements of the City's Equal Business Opportunity Program at the time of bid, by having submitted all mandatory DMI forms MBD-10, MBD-20 and MBD-50.

***NOTE:** The Bid Discount policy is applied where no subcontract goals have been set and the bid has not been designated as "sheltered market". The bid discount is a remedy to address disparity within prime contracting by "leveling the playing field" which promotes increased opportunity and bidding by certified companies. A five percent (5%) discount is deducted from the WMBE/SLBE's bid amount and such deduction (i.e. capped) shall be for low-bid evaluation purposes only. The discount shall be applied exclusively to COT certified bidders who also meet "narrowly tailored" eligibility criteria promulgated by disparity analysis. When this provision applies, appropriate procedures are required to be written in bid solicitations.*

Compliance Statement: EBO Office has determined that RTD Construction Inc. (Low) and Premier Meter Technology, LLC (2nd Low) are compliant and eligible for contract award. The solicitation included a bid discount provision for COT certified companies only. The scope did not meet EBO parameters for prescribing narrowly tailored subcontract goals in the solicitation; hence, the WMBE bid discount was invoked. None of the bidders were eligible for the bid discount.
