

**Attention Plan Members, Benefit Recipients, and  
Members of the Public**

In light of recent guidance from the CDC and federal government, the pension office will be **CLOSED TO WALK-INS**. All pension business must be completed via telephone or email until further notice.

You may reach the Pension Office by phone at 813-274-8550 or 888-335-8550 or via email at [fppension@tampagov.net](mailto:fppension@tampagov.net). Under Florida law, e-mail addresses are public record. If you DO NOT want your e-mail address released in response to a public records request, then do not send electronic mail to this entity. Instead, contact this office by phone or in writing.

Please understand this decision was not made lightly. We believe it is a necessary step to lessen the impact of the coronavirus on our more vulnerable retirees and plan members.

We will continue to update our website and voicemail periodically as new information presents itself.

Take care and be safe!
