Mr. Carrera then inquired if there was anybody in the audience that would like to speak to the Board. Susan Chiellini advised that she would.

Ms. Chiellini informed the Board of Trustees that her assignment with the City would be ending soon due to the termination of the contract with Techstaff, her employer, as a result of budget constraints. Ms. Chiellini appealed to the Board for a six month extension of the contract with Techstaff. She shared with the Board her value and accomplishments during the term of the contract. After her presentation, the Board inquired as to who would take over her responsibilities. Mr. Boghich advised the Board the duties had been delegated to the remaining Pension Office staff.

There was minimal Board discussion. Several Board members thanked Ms. Chiellini for her outstanding service and wished her good luck. Mr. Boghich commented that Ms. Chiellini had laid a very good foundation for staff to continue on. There was no action taken by the Board to extend the Techstaff contract. Ms. Chiellini thanked the Board and wished them all well.

Mr. Boghich advised more discussion was needed regarding the Public Policy Comments Motion. It was stated by Mr. Salvatore Territo, Chief Assistant City Attorney, a motion was required for the Public Comment Policy in order for Ms. Chiellini to speak today due to the state statute changed effective on October 1st. He suggests making a motion to adopt all the policy and procedures today with an effective date of the next meeting in November when the motion is passed. Mr. Territo states that what needs to be voted on today was the 10 minute public hearing which will be become effective at the November meeting after the vote. He talks about different items the Board can vote on including items only on the agenda, time limitations and nature of discussion. Mr. Kenny suggests making a motion for the first reading for policies pending any changes. Mr. Boghich has the first reading prepared on pages 3 - 7 of the agenda package. The Board needs to review those changes before the next meeting to narrow down the procedure. Mr. Boghich added that the procedure would limit the public to only speak on pension related matters.

Mr. Kenny makes a motion to approve the first reading of the changes of policies and procedures for the Public Comment. Final vote set for the November meeting.

MOTION: (Kenny-Little) On a motion made by Mr. Kenny, and seconded by Ms. Little, the enactment of the first reading of the document of Policy and Procedure stands approved as presented. MOTION CARRIED.

IV. STAFF REPORT

1. ACG Monthly Performance Report- September

- Jason Pulos of ACG provided an update on the overall portfolio, markets and managers. The market value of the Total Fund (“Fund”) was approximately \$631.4 million at the end of September 2013. The Fund return for the fiscal year ending September 30, 2013 was 15.7%, which is 2.2% above the return of the Policy Index during this time period. For the 5-year period ending September 30, 2013, the Fund generated an annualized return of 9.2% per year, which outperformed the 8.3% annual return of the Policy Index for the same time period.
- Mr. Pulos of ACG then discussed the asset allocation of the fund following the receipt of the City Contribution on October 1st. The target allocation to Fixed Income (including cash) in the Investment Policy is 30%, as of the date of the meeting Fixed Income was at 23%.6% and Cash was at 3.75%, bringing the total of Fixed Income(including cash) to 27.56%, which is within the guidelines and ranges set forth in the policy. It was ACG’s recommendation that no rebalancing was necessary at the current time.

2. Global Separate vs. Commingled Account Fee Comparison

- Mr. Pulos then presented an analysis of the costs associated with the Fund’s investment in 4 strategies that include non-US securities. The analysis compared the total cost of investing in these strategies via a separate account as currently done versus moving the investment into a commingled fund offered by the manager in the same strategy. The strategies in question were the following:
 - Brandywine Global Bond Strategy
 - CBRE Clarion Global REIT Strategy
 - Victory International Small Cap
 - Fisher International Equity Strategy

**BOARD OF TRUSTEES - REGULAR MEETING MINUTES

An analysis of the commingled funds indicated that a cost savings due to operational efficiencies could be gained in 3 of the 4 strategies, specifically Brandywine, CBRE Clarion and Victory. All three managers would be able to take securities in-kind into their funds from the current separate accounts to avoid unnecessary transaction costs as well. ACG recommended the move from Separate Account to Commingled Fund for the Brandywine, CBRE Clarion and Victory strategies and the Board approved.

Mr. Boghich presented cash projections estimate that we prepare, monitor and make adjustments as they occur. The beginning number for October is the actual number and the city employee contribution number at the bottom.
