Name: Tampa Police Department

City: Tampa

State: FL

Zip: 33602

Type: County/Municipal Law Enforcement

Step 1: Introductory Information

Policy Statement:

The City of Tampa is committed to the policy of equal employment opportunity and to programs which fulfill that purpose. The City has adopted multiple policies, requirements, and union contract language that address equal opportunity and non-discrimination. Our personnel manual contains policies B1.1 and B1.2 (attached) which prohibit discrimination. Additionally, the City's four union contracts contain specific statements and requirements for non-discrimination (also attached).

As stated in policy B1.1 which is a mayoral executive order, "It is the policy of the City of Tampa to provide equal treatment of all persons without regard to race, color, religion, national origin, sex, sexual orientation, gender identity or expression, age, disability, familial status, or marital status. The City endorses and requires compliance with applicable state and federal laws, including but not limited to the Civil Rights Act of 1991 and the American's with Disability Act(ADA), to ensure equal employment opportunity and equal access to public services."

Step 4b: Narrative of Interpretation

The Utilization Analysis Chart provided by the Office of Justice specifies which job categories show underutilization of two or more standard deviations. Accordingly, the job categories and information identified are as follows:

Professionals: Underutilization is indicated for White Males 9%

Protective Services Sworn Patrol Officers: Underutilization is indicated for Hispanic or Latino Males 4%, White Females 10%, Hispanic or Latino Females 9% and Black/African American Females 7%.

Administrative Support: Underutilization is indicated for White Males 16%.

Step 5: Objectives and Steps

1. Continue to target all recruitment programs applications for positions in the job categories that indicate underutilization

a. Underutilization of females is addressed through the standard recruitment efforts such as visits to local colleges, universities and job fairs to attract all underutilized populations. In addition: Existing female officers are made aware of scholarship opportunities for further growth and development. TPD hosted the National Association Women Law Enforcement Executives week long training course. A TPD female Lt. is currently 2nd VP and part of the chairing committee. As the host TPD was afforded 12 of the 24 seats available which were occupied by Tampa Police Dept female officers. The latest trends and challenges with women in law enforcement were shared and courses about Gender Intelligence and Emotional intelligence were held.

b. The City of Tampa continues to target underutilized populations with a primary goal of recruiting and retaining talented individuals to maintain a diverse workforce. Efforts include: advertising in Saludos on- line magazine which appeals to Hispanic community, Cause on- line magazine which appeals to African American Community. Recruitment at historical Black College/Universities such as FAMU and Bethune Cookman. Attendance at Minority law enforcement forums/symposiums. Recognizing the impact of the recent 3% budget reduction and the Mayors approval of each vacancy to be filled, the Citys plan to increase hires in underutilized populations will included the following: Increase application intake by 10% for each classification posted for recruitment. Increase use of social media. Post vacancies on state employment job board. Conduct an annual review of hiring practices. Attend local cultural events. Attend Diversity and Inclusion conference(s).

Step 6: Internal Dissemination

The City of Tampa Human Resources Department will continue to post a copy of the current EEOP on its internal (iNet) website for employee awareness and access.

Step 7: External Dissemination

A current copy of the EEOP will continue to be posted on the City of Tampa's website, with various locations including the Employee's Guide section for employment applicants and citizen information.
