This is a brief description of benefits under GUL.205, HH/LTC.205 FL, BRR.205 FL, ABR.205, ADB.205/G IL, CT.205/G and WP.205/G IL. This policy guarantees against lapsing for 10 years as long as planned premiums are paid. If you make changes during this period, or pay only the minimum amount, your cash value may not accumulate, or your death benefit may reduce. If there is negative cash value at the end of your no-lapse period, you must make up the premium to establish positive cash value. You may need to pay more premium to maintain your policy than the rate you paid to keep the no-lapse guarantee, or coverage may end before age 100. An illustration will be delivered with your policy. For costs and coverage detail, including exclusions, reductions, limitations and terms, see your agent or write the company.
