CITY OF TAMPA NOTICE

COVID-19

LIMITATIONS ON LARGE GATHERINGS

Declarations of Emergency to institute measures to prevent the spread of COVID-19 have been issued by the President of the United States, the Governor of the State of Florida, the Mayor of the City of Tampa and Hillsborough County Emergency Management. Local governments have limited or postponed large events or gatherings.

To further protect the safety of our larger community and limit the potential exposure and transmission of COVID-19, the **City is also requesting places such as bars and restaurants to cooperate by limiting large gatherings.** This is consistent with guidelines of the Centers for Disease Control and the need for social distancing. The City of Tampa, in coordination with County, State and Federal agencies, will continue to monitor this fluid situation and **may impose further restrictions as necessary, including limiting hours of operation or ordering closures.**

The City is also working to obtain and provide information to individuals and businesses regarding potential State and/or Federal processes for filing claims for business damage losses.
