

Trash and Recycling Compactors

The City of Tampa's Solid Waste & Environmental Program Management Department offers **Trash Compactors** to reduce your disposal costs and save space. If you own your compactor, we will provide disposal service at highly competitive pricing.

We offer standard and custom-built compactors:

- Self-contained compactors are sealed to reduce odor and leakage
- Front-load VIP compactors are used where space is an issue
- High-rise condominium or apartment compactors operate in conjunction with a chute system
