47th and Frierson Pond PH II

Flooding Relief FY2017, District 5

Estimated cost: $660K

- **JUSTIFICATION:**

  Due to closed basin and lack of drainage system, City will be expanding drainage capacity in the Frierson Ave & 47th Street area to help alleviate flooding problems. Besides pond expansion in Phase 2, roadway repaving and re-routing of water system will be part of the pond construction work.

- **PROJECT DESCRIPTION:**

  City has completed land acquisition phase and Frierson Ave will be completely vacated between 47th St and 45th St.

- **RELATED ISSUES:**

  Existing pond built in phase 1 will be expanded in Phase 2.
