PUBLIC MEETING NOTICE TRANSPORTATION PROJECT

April 8, 2019

RE: N. 46th STREET from E. BUSCH BOULEVARD TO E. FOWLER AVENUE; CIP NO: 1001220

Dear Residents, Property and Business Owners, and Interested Individuals:

The City of Tampa Transportation and Stormwater Services Department will conduct a public meeting for the presentation of the conceptual design plans for the N. 46th Street Design project. The project consists of the 1.5-mile segment of N. 46th Street from E. Busch Boulevard to E. Fowler Avenue. It is a 2-lane (one travel lane in each direction) collector roadway with a posted speed of 35 miles per hour and has an average daily traffic volume of 3,880 vehicles per day. N. 46th St is a north/south roadway running parallel to McKinley Dr. This project is supported as documented and prioritized in the MPO-City of Tampa Walk-Bike Plan Phase I – Final Report. Based on the geometrics of this roadway, crash patterns, and field reviews, the following summarized improvements are proposed: 1) Install shared lane markings from E. Busch Boulevard to Bougainvillea Avenue; 2) Widen the sidewalk to construct a shared-use path from E. Bougainvillea Ave to Fowler Avenue; and 3) Safety improvements at N. 46th Street and E. Linebaugh Avenue.

There will be a formal presentation, and City representatives will be available to answer project-related questions and concerns. Project boards and other materials will also be available for viewing by the public and a Spanish interpreter will be provided. The meeting details are as follows:

Location: Omar K. Lightfoot Recreation Center
Address: 10901 N. 56th Street, Temple Terrace, FL 33617
